

Good Morning,

NHSN has updated the ICD-9-CM Procedure Code Mapping to NHSN Operative Procedure Code Categories to incorporate annual changes released by the ICD-9-CM Coordination and Maintenance Committee. These changes can be found under NHSN Codes and Variables on the Resource Library page of the NHSN website at <http://www.cdc.gov/nhsn/library.html>

Please note that a Revisions 2012 tab is available at the bottom of the table summarizing the updates. A Key tab is also available to define the abbreviations used. Please incorporate these changes in your surveillance as soon as possible.
