Subject: 2016 Patient Safety Manual

Dear NHSN Users,

Please note that the 2016 NHSN Patient Safety Component Manual has been posted as a single document on the NHSN website. This complete version of the manual allows for single click printing of the entire manual. The document can be found in the section titled "Related Links" on many of the NHSN website pages including Surveillance Reporting for All Facilities as well as all of the module-specific pages of the NHSN website, e.g., <http://www.cdc.gov/nhsn/enrolled-facilities/index.html>

As always, please send all questions to the NHSN Helpdesk: NHSN@cdc.gov.

Sincerely,

The NHSN Team
