

Table 3. Pooled proportion of healthcare personnel reported as vaccinated in long-term acute care hospitals reporting to NHSN, by personnel group and CMS region*, 2015-2016 influenza season.

| CMS Region | No. of reporting facilities[†] | Employee Vaccination % | Licensed Independent Practitioner Vaccination % | Adult Student/ Trainee & Volunteer Vaccination % | All Healthcare Personnel^{††} Vaccination % |
|----------------------|--|-------------------------------|--|---|--|
| Region I | 17 | 87.1 | 70.0 | 92.5 | 86.4 |
| Region II | 13 | 82.6 | 61.2 | 80.2 | 78.0 |
| Region III | 38 | 87.2 | 50.6 | 94.2 | 74.9 |
| Region IV | 91 | 85.1 | 50.0 | 92.1 | 76.1 |
| Region V | 82 | 84.9 | 60.6 | 79.9 | 76.9 |
| Region VI | 145 | 84.9 | 52.5 | 91.7 | 75.6 |
| Region VII | 22 | 91.0 | 67.1 | 97.6 | 84.7 |
| Region VIII | 16 | 95.7 | 89.5 | 99.4 | 94.4 |
| Region IX | 43 | 78.5 | 44.0 | 99.4 | 67.5 |
| Region X | 7 | 80.2 | 92.2 | 96.3 | 81.8 |
| United States | 474 | 85.0 | 54.3 | 90.3 | 76.7 |
| Range | 7-145 | 78.5-95.7 | 44.0-92.2 | 79.9-99.4 | 67.5-94.4 |

Pooled proportions for each CMS region are calculated as the number of healthcare personnel (HCP) vaccinated at their facility plus the number who provided documentation of vaccination elsewhere, divided by the total number of HCP in that group reported as working at the facilities for one day or more from October 1 through March 31, and multiplied by 100. HCP are reported by each facility in which they work; therefore, individuals may be counted more than once.

* A list of the states in each CMS region can be found at www.cms.gov/medicare-coverage-database/staticpages/region-descriptions.aspx. Reported data represent HCP working at facilities in the 50 U.S. states and the District of Columbia only.

† Total number of long-term acute care hospitals reporting HCP influenza vaccination data to NHSN for the specified influenza season. This may include facilities that do not participate in CMS' Long-Term Care Hospital Quality Reporting Program (LTCH QRP).

†† Pooled proportion vaccinated among employees, licensed independent practitioners, and adult students/trainees and volunteers combined.
