Weekly COVID-19 Vaccination Reporting

December 2021

Getting Started with Weekly COVID-19 Vaccination Reporting

The purpose of this document is to assist facilities reporting weekly COVID-19 vaccination data for healthcare personnel (HCP) in the Healthcare Personnel Safety (HPS) Component of the CDC's NHSN. This reporting can help facilities monitor COVID-19 vaccination coverage over time. This document outlines the steps facilities should take to enter data.

Create a Monthly Reporting Plan

A Monthly Reporting Plan (MRP) indicates to the NHSN system which modules and protocols a user intends to follow for surveillance purposes in a specific month. Facilities must complete the MRP before entering data for that month. Please note that level 3 SAMS access is needed to enter an MRP. For information on how to increase SAMS user access from level 1 to level 3, please see [Increasing LTCF SAMS Level Access to NHSN | NHSN | CDC](#).

1. From the Healthcare Personnel Safety Component Home Page, select "Reporting Plan" then "Add"

2. Select correct month and year from dropdown menus

3. Check appropriate box next to "COVID-19 Vaccination Summary" for reporting facility data and/or IRF or IPF unit(s) data
4. Click "Save"

Zoonotic Infectious Diseases

5. "Plan saved successfully" will appear in a box at the top of the page
6. Click "Next" to proceed to update the next MRP. Please note that you can create multiple plans in advance

Entering Weekly COVID-19 Vaccination Data for HCP

1. Access the HCP Safety Component homepage in NHSN.
2. Click on "Vaccination Summary" on the left-hand navigation bar.
3. Click on the "COVID-19 Weekly Vaccination Summary" option on the left-hand navigation bar.
4. To report weekly COVID-19 vaccination data, click on the week for which you wish to report data.
5. Enter data (A) and be sure to click "Save" (B) at the bottom of the data entry screen. Please note that required fields are indicated by an asterisk. For complete reporting instructions see: 57.219 Instructions for Completion of the Weekly COVID-19 Vaccination Summary Data Form for Healthcare Personnel (cdc.gov)
6. Once data are saved in NHSN, a "create date" will be auto-populated on the data entry screen. Additionally, the "date modified" field will display the most recent date changes have been made to the submitted data (C). Facilities can check create and modify dates by running a line listing report based on the dates that are in question. Simply run a line listing report, set the time period to the appropriate period, add the create and modify date variables to the selected variable box and then examine the final report. If the create dates match the modify dates then you will know that no changes were made after initial data entry. To find additional detailed instructions see [Line Lists of COVID-19 Vaccination Data: Checking Create Dates \(cdc.gov\)](#).
