Reporting Weekly COVID-19 Vaccination Data for Residents and Healthcare Personnel of Long-term Care Facilities Using the National Healthcare Safety Network (NHSN)

Division of Healthcare Quality Promotion
Immunization Services Division
Centers for Disease Control and Prevention (CDC)
COVID-19 Vaccine Task Force

September 2021
Objectives

- Introduce the value of reporting weekly COVID-19 vaccination data for long-term care (LTC) facilities.
- Describe how the National Healthcare Safety Network (NHSN) module can be used to report COVID-19 vaccination.
- Highlight changes to weekly COVID-19 vaccination reporting as of September 2021.
- Review data reporting in detail.
How can COVID-19 vaccination coverage data be used?
Usefulness of Reporting Cumulative Vaccination Coverage in NHSN

- Provide consistent and comparable data for facilities
  - Vaccination coverage may change as new residents arrive and new staff are hired
  - Help focus facility-level tracking and improvement efforts

- Deliver data to health authorities
  - Help identify vaccination coverage gaps and vaccine supply issues
  - Improve infection control policies and recommendations
Which data can be reported each week?
Weekly COVID-19 Vaccination Reporting

Residents

Healthcare Worker (HCW)
Five Key Questions for Weekly COVID-19 Vaccination Modules

1. *Number of current residents (or healthcare personnel [HCP])?

2. *Number of these individuals who have ever been vaccinated (cumulative number vaccinated) with COVID-19 vaccine?

3. *Number of these individuals with other conditions?
4. * Number of individuals who have received a complete COVID-19 vaccine series and who are eligible to receive an additional dose or booster?

5. * Number of individuals in question 4 who have received an additional vaccine dose or booster since August 2021?
Key Updates: September 2021

- Revised HCP categories on the data collection form
  - Employee HCP
  - Non-employee HCP
    - Licensed independent practitioners
    - Adult students/trainees and volunteers
    - Other contract personnel
- All staff categories are required
- Facilities need to create a monthly reporting plan before entering data into NHSN
- Question #3.2 (offered but declined COVID-19 vaccine) and question #3.3 (unknown COVID-19 vaccination status) are required
- All individuals reported in question 1 must be accounted for in question 2 or question 3

Note: Updated information as of September 2021 will be annotated by a ☆ throughout the presentation
Question #1 for Residents:

*Number of residents staying in this facility for at least 1 day

- Total number of residents occupying a bed for at least 1 day (24 hours) during the week of data collection

- Week of data collection begins on Monday and ends Sunday
Question #1 for HCP:

*Number of HCP eligible to have worked at the facility*

- Include all HCP who were eligible to have worked at this facility for at least 1 day during the week of data collection
  - Working any part of a day is considered as working 1 day
  - Include HCP even if they are on temporary leave during the week of data collection
    Temporary leave is defined as less than or equal to 2 weeks in duration
    • Examples of temporary leave may include sick leave or vacation
    • If temporary leave extends past 2 weeks, then the healthcare worker should not be included in question #1 for the current week of data collection
- Data must be entered for each of the HCP categories
- Each individual should be counted only once in question 1
Question #1 for HCP (cont.)

*Number of HCP eligible to have worked at the facility

- Totals for ‘All Core HCP’ and ‘All HCP’ will be auto-calculated by NHSN
  - **All Core HCP**
    - The sum of employees, licensed independent practitioners, and adult students/trainees & volunteers
  - **All HCP**
    - The sum of employees, licensed independent practitioners, adult students/trainees & volunteers, and other contract personnel
Question #1 for HCP (cont.)

Healthcare Personnel Categories – Employee HCP

- Employees (staff on payroll) [required]☆
  - Include all persons receiving a direct paycheck from the healthcare facility (i.e., on the facility’s payroll), regardless of clinical responsibility or patient contact.
Question #1 for HCP (cont.)
Healthcare Personnel Categories – Non-Employee HCP

- Licensed independent practitioners (physicians, advanced practice nurses, and physician assistants) [required] ★
  - Include physicians (MD, DO); advanced practice nurses; and physician assistants only who are affiliated with the healthcare facility, but are not directly employed by it (i.e., they do not receive a paycheck from the facility), regardless of clinical responsibility or patient contact. Post-residency fellows are also included in this category.
Question #1 for HCP (cont.)
Healthcare Personnel Categories – Non-Employee HCP

- Adult students / trainees & volunteers [required] ★
  - Include medical, nursing, or other health professional students, interns, medical residents, or volunteers aged 18 or older who are affiliated with the healthcare facility, but are not directly employed by it (i.e., they do not receive a paycheck from the facility), regardless of clinical responsibility or patient contact.
Healthcare Personnel Categories – Non-Employee HCP

- **Other Contract Personnel** [required] ★
  - Defined as persons providing care, treatment, or services at the facility through a contract who do not meet the definition of any other required personnel category.
  - This includes agency and/or pro re nata (PRN) staff who are scheduled to work at the facility at least once per week.
Each week, report all individuals in Question #1 who have ever received vaccine

Example:

- Week 1: 10 individuals received dose 1 of COVID-19 vaccine
- Week 2: 5 more individuals received dose 1 of COVID-19 vaccine
  - For Week 1: Report 10 individuals received dose 1 of COVID-19 vaccine
  - For Week 2: Report 15 individuals received dose 1 of COVID-19 vaccine

Question #2: Same Question for Residents and HCP
*Cumulative number of individuals in Question #1 who have received a COVID-19 vaccine since December 2020*
Question #2: Same Question for Residents and HCP (cont.)

*Cumulative number of individuals in Question #1 who have received a COVID-19 vaccine since December 2020

- **Step 1**: Select a COVID-19 vaccine from the drop-down box
  - Pfizer-BioNTech
  - Moderna
  - Janssen
  - Unspecified manufacturer
Question #2: Same Question for Residents and HCP (cont.)

*Cumulative number of individuals in Question #1 who have received a COVID-19 vaccine since December 2020

- **Step 2**: Enter cumulative number of current residents or HCP who received only dose 1 of a vaccine series
- **Step 3**: Enter cumulative number of current residents or HCP who received both dose 1 and dose 2 of a vaccine series
- **Step 4**: If residents or HCP received another type of vaccine, repeat steps 1-3

<table>
<thead>
<tr>
<th>Question</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>2.1</td>
<td>Only dose 1 of Pfizer-BioNTech COVID-19 vaccine</td>
</tr>
<tr>
<td>2.2</td>
<td>Dose 1 and dose 2 of Pfizer-BioNTech COVID-19 vaccine</td>
</tr>
<tr>
<td>2.3</td>
<td>Only dose 1 of Moderna COVID-19 vaccine</td>
</tr>
<tr>
<td>2.4</td>
<td>Dose 1 and dose 2 of Moderna COVID-19 vaccine</td>
</tr>
<tr>
<td>2.5</td>
<td>Dose of Janssen COVID-19 vaccine</td>
</tr>
<tr>
<td>2.99</td>
<td>Complete COVID-19 vaccination series: unspecified manufacturer</td>
</tr>
<tr>
<td>2.999</td>
<td>Any completed COVID-19 vaccine series</td>
</tr>
</tbody>
</table>
Question #2: Same Question for Residents and HCP (cont.)

*Cumulative number of individuals in Question #1 who have received a COVID-19 vaccine since December 2020

Include receipt of COVID-19 vaccine at the facility or elsewhere

- If documentation is not provided, report individuals in question #3.3 (unknown COVID-19 vaccination status)

NHSN automatically calculates number of individuals who have completed vaccination

```
| 2.1 | Only dose 1 of Pfizer-BioNTech COVID-19 vaccine | 7 |
| 2.2 | Dose 1 and dose 2 of Pfizer-BioNTech COVID-19 vaccine | 33 |
| 2.3 | Only dose 1 of Moderna COVID-19 vaccine | 3 |
| 2.4 | Dose 1 and dose 2 of Moderna COVID-19 vaccine | 24 |
| 2.5 | Dose of Janssen COVID-19 vaccine | 4 |
| 2.99 | Complete COVID-19 vaccination series: unspecified manufacturer | 3 |
|     | * Any completed COVID-19 vaccine series | 64 |
```
Question #2: Example

*Cumulative* number of individuals in Question #1 who have received a COVID-19 vaccine since December 2020

- Vaccination data collected:
  - Last month, 20 individuals received dose 1 of the Pfizer-BioNTech vaccine
  - This week, 2 of these 20 individuals receive dose 2 of the Pfizer-BioNTech vaccine

- NHSN reporting for this week:
  - **18** individuals would still be reported as receiving only dose 1 of Pfizer-BioNTech vaccine
  - **2** individuals who have now received dose 2 of Pfizer-BioNTech vaccine would be reported as receiving dose 1 and dose 2 of a vaccine series

```markdown
<table>
<thead>
<tr>
<th>Vaccine Category</th>
<th>Count</th>
</tr>
</thead>
<tbody>
<tr>
<td>Only dose 1 of Pfizer-BioNTech COVID-19 vaccine</td>
<td>18</td>
</tr>
<tr>
<td>Dose 1 and dose 2 of Pfizer-BioNTech COVID-19 vaccine</td>
<td>2</td>
</tr>
</tbody>
</table>
```
Question #3.1: Same Question for Residents and HCP

*Cumulative number of individuals in Question #1 who have medical contraindications to a COVID-19 vaccine

- CDC “Interim Clinical Considerations for Use of COVID-19 Vaccines Currently Approved or Authorized in the United States” provides information on medical contraindications
  - [cdc.gov/vaccines/covid-19/info-by-product/clinical-considerations.html](http://cdc.gov/vaccines/covid-19/info-by-product/clinical-considerations.html)
- Include individuals who have not received **any** COVID-19 vaccine due to one of the following medical contraindications:
  - Severe allergic reaction (e.g., anaphylaxis) after a previous dose or to a component of the COVID-19 vaccine
  - Immediate allergic reaction of any severity to a previous dose or known (diagnosed) allergy to a component of the vaccine
Question #3.2 & 3.3: Same Questions for Residents and HCP

*Cumulative number of individuals in Question #1 who declined vaccine (3.2) & have unknown vaccine status (3.3)

- Philosophical, religious, or other reasons for declining COVID-19 vaccine not listed in the [Interim Clinical Considerations for Use of COVID-19 Vaccines Currently Approved or Authorized in the United States](https://www.cdc.gov/vaccines/covid-19/professional/considerations/index.html) are not considered medical contraindications for COVID-19 vaccination.

- Use “Unknown COVID-19 vaccination status” for reporting individuals without documentation of vaccination.

- Questions 3.1 – 3.3 are required 🌟
Question #2 & Question #3: Same Questions for Residents and HCP

- All individuals included in question 1 must be accounted for in question 2 or question 3.
- This means, the sum of values entered for question 2 (2.1 – 2.99) and question 3 (3.1 – 3.3) must equal the total number of individuals entered in question 1.
Question #4: Same Question for Residents and HCP

*Cumulative number of individuals in question #2 eligible to receive an additional dose or booster of a COVID-19 vaccine

- Fully vaccinated: having completed an initial vaccine series
- Additional dose or booster: COVID-19 vaccine received ≥2 weeks after completion of an initial vaccine series
  - Additional dose refers to an additional dose of vaccine administered when the immune response following a primary vaccine series is likely to be insufficient
  - Booster dose refers to an additional dose of vaccine administered when the initial sufficient immune response to a primary vaccine series is likely to have waned over time
- Please refer to the [Interim Clinical Considerations for Use of COVID-19 Vaccines | CDC](https://www.cdc.gov/vaccines/COVID-19/patients-considerations.html) to determine individuals who are eligible to receive an additional dose or booster after receiving a complete vaccine series
Question #4: Same Question for Residents and HCP (cont.)

*Cumulative number of individuals in question #2 eligible to receive an additional dose or booster of a COVID-19 vaccine

- Include the following individuals as eligible to receive an **additional dose**: 
  - Received an initial complete 2-dose mRNA COVID-19 vaccine series at this facility or elsewhere since December 2020 (question 2); **AND**
  - Eligible to receive an additional or booster dose of the COVID-19 vaccine, per CDC guidance noted above

- Facilities are encouraged to do their best when determining individuals who are eligible for an additional dose
  - For HCP, facilities may not have access to the medical information necessary to determine eligibility for additional doses. In this scenario facilities should report any HCP who received an additional dose (question 5) as eligible to receive an additional dose in question 4.
Question #5: Same Questions for Resident and HCP

*Cumulative number of individuals in question #4 who have received an additional dose or booster of a COVID-19 vaccine at this facility or elsewhere since August 2021

- Each week, report all individuals in question 4 (who are eligible to have received an additional dose or booster) who have ever received an additional dose or booster since August 2021
- Include receipt of additional dose or booster at the facility or elsewhere
- **Example:**
  - Week 1: 5 individuals received an additional dose or booster of a COVID-19 vaccine
  - Week 2: 3 more individuals received an additional or booster of a COVID-19 vaccine
  - For Week 1: Report 5 individuals received an additional dose or booster
  - For Week 2: Report 8 individuals received an additional dose or booster
Question #5: Same Questions for Resident and HCP (cont.)

*Cumulative number of individuals in question #4 who have received an additional dose or booster of a COVID-19 vaccine at this facility or elsewhere since August 2021

- **Step 1**: Select a COVID-19 vaccine from the drop-down box
  - Pfizer-BioNTech
  - Moderna
  - Janssen
  - Unspecified manufacturer

- **Step 2**: Enter cumulative number of residents or HCP who received an additional dose or booster

![Drop-down box with options for additional doses or boosters]
Question #5: Same Questions for Resident and HCP (cont.)

*Cumulative number of individuals in question #4 who have received an additional dose or booster of a COVID-19 vaccine at this facility or elsewhere since August 2021

- **Step 3**: If residents or HCP received an additional dose or booster of another type of vaccine, repeat steps 1-2

NHSN automatically calculates total number of individuals who received an additional dose or booster.

![Image showing cumulative data for COVID-19 vaccines](Image)
Questions #4 & #5: Same Questions for Residents and HCP

- If no individuals are eligible to receive an additional dose or booster of COVID-19 vaccine, report zero individuals for question 4 and question 5
  - Questions 4 and 5 are required fields
  - Enter zero (“0”) question #4
  - Enter zero (“0”) for question #5 (select any manufacturer from the dropdown)

- If a facility does not have any individuals who received an additional dose or booster of COVID-19 vaccine
  - Select any manufacturer from the dropdown
  - Enter zero (“0”) for question #5

- Only individuals who have received an additional dose or booster should be reported in question 5
Questions #4 & #5: Examples

- **Example 1:** Facility A cannot determine if an individual is eligible for an additional dose at this time because they do not know the individual’s health status to determine if they are moderately to severely immunocompromised.
  - The individual should not be reported in question 4 or question 5.

- **Example 2:** Facility B has a staff member who only received dose 1 of the Moderna COVID-19 vaccine. However, this staff member expressed an interest in receiving an additional dose of the vaccine.
  - The staff member should not be included in questions 4 and 5 since he/she did not complete an initial COVID-19 vaccination series.
Example 3: Facility C is not aware or unable to determine whether any staff members currently meet the eligibility criteria for receiving an additional dose or booster. However, two staff members have documentation of receiving an additional dose.

- For reporting through the NHSN COVID-19 vaccination modules, assume these two staff members were eligible to have received an additional dose of COVID-19 vaccine and include these two staff members in question 4 and question 5 of the data collection form.
Question #6: Same Question for Residents and HCP

*Describe the availability of COVID-19 vaccine(s)*

- **Question 6.1:** Is your facility a vaccine provider? [Yes/No]
  - Only facilities enrolled as vaccine providers can legally store, handle, and administer COVID-19 vaccine in the United States.
  - How to Enroll as a COVID-19 Vaccination Provider | CDC
    - [https://www.cdc.gov/vaccines/covid-19/provider-enrollment.html](https://www.cdc.gov/vaccines/covid-19/provider-enrollment.html)

- **Question 6.2:** If a vaccine provider, is vaccine supply sufficient this week?
- **Question 6.3:** If not a vaccine provider, are other arrangements sufficient?
- **Question 6.4:** Free text description of vaccine supply issues (optional)

- COVID-19 vaccination coverage among healthcare personnel is an NHSN measure for NQF endorsement: [COVID-19 Vaccination of Healthcare Personnel Measure Specifications (cdc.gov)]

- The measure is defined as the percentage of HCP who received a complete COVID-19 vaccination series
  - Individuals having received a complete initial vaccine series (2 doses of mRNA or 1 dose of Janssen) are considered fully vaccinated.
  - Additional dose and booster dose data are required and help to inform public health response.

- The measure refers to data submitted for employees, licensed independent practitioners, and adult students/trainees & volunteers. Displayed as ‘All Core HCP’ on the data collection form.

- For information about CMS reporting requirements, please visit [COVID-19 Vaccine Requirements for Long-Term Care (LTC) Facilities](https://www.cms.gov)
  - Contact CMS (DNH_TriageTeam@cms.hhs.gov) with questions about reporting requirements
Reminder: Vaccine Adverse Event Reporting System (VAERS)

- Adverse events should be reported to VAERS: vaers.hhs.gov/reportevent.html

- To help identify reports from NHSN sites, please enter your NHSN orgID in Box 26 of the VAERS form

- Report clinically significant COVID-19 vaccine adverse events
  - Serious adverse events (such as death, life-threatening conditions, or inpatient hospitalization) that occur after vaccination, even if it is not certain that vaccination caused the event
  - Vaccine administration errors
  - Other clinically significant adverse events may be described in fact sheets for provider emergency use authorization or prescribing information
Tables of Instructions

- Tables of instructions provide detailed explanations of the questions
- Review instructions before collecting and entering data
  - [www.cdc.gov/nhsn/ltc/weekly-covid-vac/index.html](http://www.cdc.gov/nhsn/ltc/weekly-covid-vac/index.html)

[cdc.gov/nhsn/ltc/weekly-covid-vac/index.html](https://cdc.gov/nhsn/ltc/weekly-covid-vac/index.html)
What are some key points about NHSN?
Key Roles in NHSN

- **Facility Administrator**
  - The person enrolling the facility in NHSN
  - Only person who can activate additional components for a facility
  - Has add/edit/delete data, users, and users’ access
  - Has authority to nominate/join groups for data sharing
  - Only person who can re-assign the role of Facility Administrator to another user
  - There is only one Facility Administrator per facility

- **Users**
  - Rights are determined by Facility Administrator: view data, data entry, and data analysis
  - May be given administrative rights
New Users to NHSN

- Receive a “Welcome to NHSN” e-mail
- Receive e-mails to register and create a SAMS account
  - Follow instructions carefully
- Complete and submit identity verification documents to SAMS
  - Don’t delay beginning the process
- Access NHSN using SAMS credentials
  - Facilities must obtain Level 3 access once Level 1 registration is completed to meet CMS reporting requirements

SAMS Grid Card Credentials
New Users to NHSN (cont.)

- New user onboarding takes at least 2-3 weeks
  - New users should begin this process well in advance of the reporting deadline
- Log into NHSN at least once per year to maintain active SAMS credentials
- A user with a SAMS card can enter data for multiple facilities as long as they are a registered user at each facility
- Information about the SAMS process can be found at: http://www.cdc.gov/nhsn/sams/about-sams.html
Level 3 SAMS Access

- Each facility must have a Level 3 user to submit or update weekly COVID-19 vaccination data for reporting weeks starting with the week ending 10/3/2021 🌟

- NHSN strongly encourages all facilities to have at least 2 registered users with Level 3 access

- To increase a user’s access to Level 3: [https://www.cdc.gov/nhsn/ltc/covid19/sams-access.html](https://www.cdc.gov/nhsn/ltc/covid19/sams-access.html)
Change in NHSN Facility Administrator

- NHSN Facility Administrator should transfer role to another user **prior** to leaving the facility!

- NHSN can add an individual as the new NHSN Facility Administrator if the previous NHSN Facility Administrator has left the facility
  - Do **not** re-enroll the facility in NHSN

- Complete NHSN Facility Administrator Change Request form online
  - [https://www.cdc.gov/nhsn/facadmin/index.html](https://www.cdc.gov/nhsn/facadmin/index.html)

- After being assigned as the new NHSN Facility Administrator, begin the new NHSN user onboarding process
NHSN Landing Page

- Select the Long-term Care Facility Component
LTC Facility Component Home Page

- Select ‘COVID-19’ on the left-hand navigation bar
- Select ‘COVID-19 Vaccination – HCW (Healthcare Worker)’ or ‘COVID-19 Vaccination – Residents’
Vaccination Summary Data - Calendar Week

Click a cell to begin entering data for the week which counts are reported.

Reporting of medical events or health problems that occur after vaccination (possible side effects) is encouraged, even if you are not sure they are vaccination, at [https://vaers.hhs.gov/reportevent.html](https://vaers.hhs.gov/reportevent.html).

Weekly Vaccination Calendar

- **07/26/2021 (Monday) - 08/01/2021 (Sunday)**
- **08/02/2021 (Monday) - 08/08/2021 (Sunday)**
Long-term Care Facility Monthly Reporting Plan Form

- Collects data on which modules and months the facility plans to participate
- Facilities must complete the monthly reporting plan before entering data for that month
- Users should select from “Weekly COVID-19 Vaccination Module”
- Level 3 SAMS access is needed to enter a monthly reporting plan
Monthly Reporting Plan

- From the Long-term Care Facility Component Home Page, select “Reporting Plan” then “Add”
Monthly Reporting Plan (cont.)

- Select correct month and year from dropdown menus
- Check appropriate box next to “COVID-19 Vaccination Summary” for reporting facility data
- Click “Save”
Monthly Reporting Plan (cont.)

- “Plan saved successfully” will appear in a green box at the top of the page
- Click “Next” to proceed to update the next Monthly Reporting Plan
- Can create multiple plans in advance
Monthly Reporting Plan (cont.)

- Yellow boxes will appear on the “Weekly Vaccination Calendar” indicating that there are COVID-19 vaccination data that can be entered for the week.
- Click the yellow box to enter the HCW or Resident COVID-19 Vaccination data for the week.
Vaccination Summary Data: Residents

- Complete the required data fields
- Red asterisks indicate required questions that must be completed
- Use the “tab” key on a computer keyboard to move across columns
- Enter “0” if no residents are reported for a required field

<table>
<thead>
<tr>

**Cumulative Vaccination Coverage**

1. *Number of residents staying in this facility for at least 1 day during the week of data collection* 0
2. *Cumulative number of residents In Question #1 who have received COVID-19 vaccine(s) at this facility or elsewhere since December 2020* 0

**Any completed COVID-19 vaccine series**

3. *Cumulative number of residents In Question #1 with other conditions:* 0
   3.1 Medical contraindication or exclusions to COVID-19 vaccine
   3.2 Offered but declined COVID-19 vaccine
   3.3 Unknown COVID-19 vaccination status

4. *Cumulative number of residents In Question #2 eligible to receive an additional dose or booster of COVID-19 vaccine:* 0

5. *Cumulative number of residents In Question #4 who have received an additional dose or booster of COVID-19 vaccine at this facility or elsewhere since 07/19/2021:* 0
Vaccination Summary Data: HCP

- Complete the required data fields
- Red asterisks indicate required questions that must be completed
- Use the “tab” key on a computer keyboard to move across columns
- Enter “0” if no HCP are reported for a required field
Saving COVID-19 Vaccination Data

- Click on the ‘Save’ button at the bottom of your screen after entering data
Saving COVID-19 Vaccination Data (cont.)

- A message will appear indicating that your data have been saved
- The record will turn green
- Click “OK” to continue
Editing Summary Data

- Click on the week you wish to edit data
## Editing Summary Data (cont.)

</table>

---

<sup>a</sup> Number of HCP that were eligible to have worked at this healthcare facility for at least 1 day during the week of data collection.

<sup>b</sup> Total number of all HCP.

<sup>c</sup> Number of employees on facility payroll.

<sup>d</sup> Number of non-employee HCP (licensed independent practitioners).

<sup>e</sup> Number of adult students/trainees/volunteers.

<sup>f</sup> Number of other contract personnel.
NHSN Analysis and Reporting

- Users can utilize the Analysis tool within NHSN to generate summary reports for facility data.

- Reports are organized in two folders:
  - ‘COVID-19 Vaccination’ for data after September 2021 NHSN update
  - ‘COVID-19 Vaccination’ (Pre-10.0) for data before September 2021 NHSN update
Reporting cumulative vaccination data
### Reporting Cumulative Data: Week 1

- **Week 1:** 50 individuals in facility: 10 received 1\(^{st}\) vaccine dose; 5 received 2\(^{nd}\) vaccine dose
