Re: Respirator Technical Conference

Dear Dr. Amendola:

I would like to attend the respirator conference concerning the assessment of performance levels for respirators, scheduled for January 9-11. I do not wish to present any research data, but I would like to listen to the data presented by others at the conference. If you believe that limitation for attendees will preclude my attending this conference, I would appreciate your informing me at your earliest convenience. Otherwise, I will plan to attend the meeting as a respirator researcher interested in this subject.

If you should need to reach me, please feel free to contact me at 203-781-5635.

Sincerely,

Howard J. Cohen, Ph.D., CIH
