Morgantown, WV 26505-2888

RECEIVED  
90 NOV 30 AM 10:37  
OD, DSR, NIOSH

Dear Dr. Amendola:

I have been asked to attend the NIOSH Conference on Assessment of Performance Levels for Industrial Respirators on January 9-11, 1991 to represent the Industrial Hygiene Group of the Los Alamos National Laboratory. I would appreciate being able to present a brief oral talk of no more than 20 minutes on the general topic "Philosophy of Respirator Testing." Thank you.

Sincerely,

Alan Hack  
Facility and Safety Analysis Section
