

NIOSH Town Hall Meeting Topics  
March 25, 2008  
Arlington, VA

1. Give your opinion about the top three goals needed to improve the safety and health of emergency responders.
2. Discuss why these are the top goals. Address any obstacles in achieving these goals.
3. Talk about how research can help the nation address the top goals that you have identified. Provide a couple of examples of research ideas for each of your top goals identified.
4. Discuss opportunities you see on the horizon that could lead to improvements in emergency responder safety and health.
