Comments

On behalf of the National Education Center for Agricultural Safety, I strongly encourage the support of the Childhood Agricultural Injury Prevention Initiative: Progress & Proposed Future Activities Docket Number NIOSH-145. Working in communities across the country, we know there is a great need for grassroots programs, support for research-into-practice projects, interactive educational materials, and opportunities to work with the media in elevating awareness of the importance of print, broadcast and video impact. PLEASE support funding of this initiative to the fullest extent possible!
Charlotte Halverson, BSN,COHN-S
