John De La Hunt

# Environmental Cabs

- Smith Power has installed cabs on the following underground equipment.
  - Elphinstone 1300 LHD
  - Wagner MT2000 Haul Truck
  - Wagner MT426 Haul Truck
  - MTI 1804 haul truck

- Cabs are produced with the following options:
  - Certified ROPS, or FOPS
  - Air conditioned and heated
  - Pressurized, filtered, and circulated cabin air
  - Sound suppression material for interior.
  - Laminated safety glass with escape gaskets
  - Isolated cab mounting

- Elphinstone 1300 LHD cab.
  - The overall dimensions were only modified to accommodate the A/C unit.
  - Added structural strength to back wall and corners.
