

Implementation NORA Public Safety Sector Funding – FY17 (927ZGJM)

Objective

Support the planning, facilitation, and monitoring of the National Occupation Research Agenda (NORA) – Public Safety Sector.

Key Partners Include:

- University of Arizona
- Department of Homeland Defense
- International Association of Fire Fighters
- International Association of Fire Chiefs
- American Jail Association
- NFPA Fire Protection Research Foundation
- Fraternal Order of Police
- New York State Department of Health

Stakeholders

Fire Service, Law Enforcement, Emergency Medical Service, and Corrections Workers Departments, Agencies and Associations

Project Scope

- Manage the NIOSH Public Safety Sector project portfolio and the NIOSH Public Safety Sector Steering Committee
- NORA National Public Safety Agenda and Strategic Goals
- Manage the NORA Public Safety Sector Council

Milestones

- Transition into the 3rd Decade of NORA
- Work Place Violence Webinar (Oct 2016)
- Health Hazard Evaluation (HHE) Webinar (March 2017)

Outputs

- 3rd Decade NORA National Public Safety Agenda and Strategic Research Goals (under development)
- NIOSH Research Projects Supporting Public Safety
- Completion and Public Release of new NIOSH Public Safety Program web site

Outcomes

- Increased Awareness for Occupational Health and Safety Research, Practice, and Interventions in the U.S. Public Safety Sector covering the fire service, law enforcement, corrections, and emergency medical services
