Download latest version of the SAF at

<http://www.cdc.gov/niosh/npptl/resources/certpgmspt/standardapp.html>

### Why Upgrade to Version 7?

- Version 6 no longer accepted or supported
- Needed for SEI Joint Application (CBRN/NFPA) and SEI Retrofit Respirator

### Install Versions 6 and 7 on separate computers

- Cannot open or save version 6 applications using version 7
- Version 6 will corrupt and overwrite the version 7 database
- Avoids sending in the incorrect type of application

List Serv Messages – November 2006 and March 2007

The Standard Application Form Version 7 has been updated to accept and process CBRN /NFPA (SEI Joint Applications and SEI Retrofit Respirators)

Version 7 became available for download on November 17, 2006. Version 6 would no longer be accepted after 30 Days from the date of that notice. You will not be able to view, copy, or revise any previous applications created in Version 6 with Version 7.

Starting March 12, 2007 SAF Version 6 applications will no longer be accepted; ONLY SAF Version 7 applications will be processed.
