BILLING CODE 4184-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Designation of a Class of Employees for Addition to the Special Exposure Cohort

AGENCY: National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention, Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: HHS gives notice of a decision to designate a class of employees from the Hooker Electrochemical Corporation in Niagara Falls, New York, as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000.

FOR FURTHER INFORMATION CONTACT: Stuart L. Hinnefeld, Director, Division of Compensation Analysis and Support, NIOSH, 1090 Tusculum Avenue, MS C-46, Cincinnati, OH 45226-1938, Telephone 1-877-222-7570. Information requests can also be submitted by email to DCAS@CDC.GOV.

SUPPLEMENTARY INFORMATION:

Authority: 42 U.S.C. 7384q(b). 42 U.S.C. 7384l(14)(C).

On September 22, 2015, as provided for under 42 U.S.C. 7384l(14)(C), the Secretary of HHS designated the following class of employees as an addition to the SEC:

"All Atomic Weapons Employees who worked at the Hooker Electrochemical Corporation in Niagara Falls, New York, during the operational period from July 1, 1944, through December 31, 1948, for a number of work days aggregating at least 250 work days, occurring either solely under this employment or in combination with work days within the parameters established for one or more other classes of employees in the Special Exposure Cohort."

This designation will become effective on October 22, 2015, unless Congress provides otherwise prior to the effective date. After this effective date, HHS will publish a notice in the **Federal Register** reporting the addition of this class to the SEC or the result of any provision by Congress regarding the decision by HHS to add the class to the SEC.

John Howard,

Director, National Institute for Occupational Safety and Health.

BILLING CODE 4163-19-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Request for Information From Non-Federal Stakeholders on Progress and Accomplishments (2010–2015) Towards the Goals of the National Vaccine Plan

AGENCY: National Vaccine Program Office, Office of the Assistant Secretary for Health, Office of the Secretary, Department of Health and Human Services.

ACTION: Notice.

SUMMARY: The development of a National Vaccine Plan was mandated by Congress as a mechanism for the Director of the National Vaccine Program (the Assistant Secretary for Health) to communicate priorities for achieving the Program's responsibilities of ensuring adequate supply of and access to vaccines and ensuring the effective and optimal use of vaccines. The National Vaccine Plan, released in 2010, provides a comprehensive 10-year national strategy for enhancing all aspects of the National Vaccine Program including: Research and development, supply, financing, distribution, safety, informed decision making by consumers and health care providers, vaccine preventable disease surveillance, vaccine effectiveness and use monitoring, and global cooperation (http://www.hhs.gov/nvpo/vacc_plan/index.html).

In accordance with the 2010 National Vaccine Plan (NVP), the National Vaccine Program Office (NVPO) is

conducting a mid-course review of the Plan following five years of its implementation. This review is intended to ensure that the priorities and activities outlined in the NVP are appropriately aligned towards the goals described therein given significant changes in the immunization landscape that have occurred since the NVP was released in 2010.

The NVP is intended to be a national plan that includes contributions from both federal and non-federal stakeholders. In order to collect information from non-federal stakeholders in a uniform and systematic way, the NVPO is issuing a Request for Information (RFI) through a structured survey accessed on the NVPO Web site at http://www.hhs.gov/nvpo/vacc_plan/index.html#mid-course-review. The RFI will solicit specific information regarding the priorities, goals, and objectives within the NVP, significant accomplishments since 2010, remaining gaps, and stakeholder perspectives on priorities of the vaccine and immunization community for the remaining years of the NVP (2016–2020). Finally, stakeholders will also be provided the opportunity to briefly inform NVPO of the top contributions from their organization.

DATES: Survey responses on the National Vaccine Plan must be completed and submitted online by midnight, 12:00 a.m. EDT on November 9, 2015.

ADDRESSES: All those interested in participating in the survey to provide information on the National Vaccine Plan should do so by clicking on the survey link provided on the NVPO Web site at http://www.hhs.gov/nvpo/vacc_plan/index.html#mid-course-review.

FOR FURTHER INFORMATION CONTACT: National Vaccine Program Office, Office of the Assistant Secretary for Health, Department of Health and Human Services; telephone (202) 690-5566; email: nvpo@hhs.gov.

SUPPLEMENTARY INFORMATION:

I. Background

The National Vaccine Program was established in compliance with Title XXI of the Public Health Service Act (Pub. L. 99-660) (§ 2101) (42 U.S.C. 300aa-*et seq* (PDF—78 KB)) to achieve optimal prevention of human infectious diseases through immunization and to achieve optimal prevention against adverse reactions to vaccines.

Development of a National Vaccine Plan has been mandated to the National Vaccine Program Office as a mechanism for the Director of the National Vaccine Program (the Assistant Secretary for
