Proposed Project: The Children's Health Insurance Program Reauthorization Act (CHIPRA) 10–State Evaluation (New)—OMB No. 0990–NEW—Assistant Secretary Planning and Evaluation (ASPE).

Abstract: The Office of the Assistant Secretary for Planning and Evaluation (ASPE) is requesting the Office of Management and Budget (OMB) approval on a new collection to provide the federal government with new and detailed insights into how the Children’s Health Insurance Program (CHIP) has evolved since its early years, what impacts on children’s coverage and access to care have occurred, and what new issues have arisen as a result of policy changes related to CHIPRA and the Patient Protection and Affordable Care Act (The Affordable Care Act) of 2010 (Pub. L. 111–148). The evaluation will address numerous key questions regarding the structure and impact of CHIP and Medicaid programs for children. To answer these questions, ASPE will draw on three new primary data collection efforts, including a survey of selected CHIP enrollees and disenrollees in 10 states (and Medicaid enrollees and disenrollees in 3 of these states), qualitative case studies in the 10 states, and a survey of State Program Administrators in all 50 States and the District of Columbia. This current request seeks clearance for the first two information collections; ASPE will seek clearance for the third information collection at a later date. All data collection will take place one time only over a three year period. The survey component includes a sample of children in 10 selected states, recently enrolled or disenrolled in CHIP or Medicaid. Survey data will be collected using computer-assisted telephone interviewing with an in-person follow-up. The qualitative case studies will include site visit interviews with CHIP and Medicaid administrators and public and child health stakeholders, plus focus groups with parents or family members of CHIP enrollees.

Notice of Interest on Overdue Debts

Section 30.18 of the Department of Health and Human Services’ claims collection regulations (45 CFR part 30) provides that the Secretary shall charge an annual rate of interest, which is determined and fixed by the Secretary of the Treasury after considering private consumer rates of interest on the date that the Department of Health and Human Services becomes entitled to recovery. The rate cannot be lower than the Department of Treasury’s current value of funds rate or the applicable rate determined from the “Schedule of Certified Interest Rates with Range of Maturities” unless the Secretary waives interest in whole or part, or a different rate is prescribed by statute, contract, or repayment agreement. The Secretary of the Treasury may revise this rate quarterly. The Department of Health and Human Services publishes this rate in the Federal Register.

The current rate of 11 1/2%, as fixed by the Secretary of the Treasury, is certified for the quarter ended June 30, 2011. This interest rate is effective until the Secretary of the Treasury notifies the Department of Health and Human Services of any change.
