

REQUEST FOR JUST-IN-TIME INFORMATION**THIS IS NOT A NOTICE OF GRANT AWARD, NOR SHOULD IT BE CONSTRUED AS AN INDICATOR OF POSSIBLE AWARD.**

This is a standard notice and request for information from all principal investigators with applications assigned to NIOSH that have received a priority score of 200 or less, regardless of the NIOSH pay line. These applications are in the range for further consideration, and future funding decisions will be based on scientific merit, programmatic importance, distribution of existing grants among program priorities, and available funds. If a decision is made to fund this application within twelve months of completing the peer review process, the following information will be needed PRIOR to making an award. This request for Just-In-Time (JIT) Information is intended to avoid delays in funding this application if it is selected for an award. NOTE: This standard notice does not relate to applications that received scores higher than 200.

- Current Other Support - Use the sample format provided on the "Other Support Format Page" in the [PHS 398 Fillable Forms](#). For all Key Personnel, provide details on how you would adjust any budgetary, scientific, or effort overlap if this application is funded.
- Certifications -If Human Subjects are involved, please provide the assurance type and number (if changed from the initial submission) and the Certification date of IRB Review and Approval for ALL performance sites (e.g., co-investigators, contractors, consultants) that are engaged in human subjects research (involved in data collection or have access to data with personal identifiers). Pending or out of date approvals are not acceptable.
- Human Subjects Education - For grants involving Human Subjects, provide certification that each person identified under Key Personnel involved in human subjects research has completed an educational program in the protection of human subjects. For further information refer to: <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-00-039.html> and http://grants.nih.gov/grants/newsarchive_2000.htm#20000605
- If Vertebrate Animals are involved, please provide the assurance number (if changed from the initial submission), verification of IACUC approval with date, and any IACUC-imposed changes. Pending or out-of-date approvals are not acceptable.

The Other Support and Human Subjects Education information should be submitted within two weeks of receipt of this notice. We understand that obtaining IRB and/or IACUC approval may take more time, but that information should be submitted within six weeks of receipt of this notice. Submission of the above information may enable us to expedite the issuance of an award should this application be identified for funding. Institute staff may contact you if the requested JIT information is not received or if additional information is required.

This information should be submitted to the contact below, and it must be countersigned by an authorized institutional business official. It should be submitted either by email or by facsimile with a cover sheet labeled "JIT Information" and should include the application number and name of the Principal Investigator.

Please note that NIOSH is not able to utilize the NIH Commons at this time, so all correspondence should be with the following contact: Patricia Lewis, Grants Operations Assistant, NIOSH, Office of Extramural Programs, 1600 Clifton Road, N.E., Mail Stop E74, Atlanta, Georgia, 30333, 404-498-2574 (phone), 404-498-2571 (fax), Lewis, Patricia (email)
