

# PPT Program, Conformity Assessment & Stakeholder Meeting – FY13 (939ZNRY)

## Objective

The objective of the PPT Stakeholder Meeting is to provide input to NPPTL and PPT Program planning and to provide users information regarding selection and use of PPE.

Develop a PPT Conformity Assessment Strategy to serve as a reference for standards development organizations.

## Applicable standards

15 CFR Part 287

## Key Partners

Other NIOSH Divisions	Underwriters Laboratories
ISEA	Safety Equipment Institute
NIST	University of Maryland
CPWR	OSHA
IAFF	

## Stakeholders

Safety and health professionals  
Workers  
Other government agencies  
PPT Program stakeholders

## Project Scope

Implement a multi-year strategy to develop and implement risk-based conformity assessment processes for non-respirator PPT and establish annual mechanisms for providing stakeholder input to the PPT Program and disseminate PPT Program information.

## Milestones FY13

1Q	Conducted CA Working Group activities
2Q	Conducted Pesticide Handler PPT Stakeholder Meeting Conducted Working Group Face-to-Face Meeting
3Q	Conduct PPT Health-care Workers Stakeholder Meeting Prepare Draft Framework CA session at AIHce
4Q	Publish FRN and conduct public meeting on CA Framework and FRN comments

## Outputs

- Dissemination of meeting information to stakeholders across sectors
- Conformity Assessment Strategy (Sept 2011, updated Jan 2013)
- Conformity Assessment Risk-based model (Aug 2012)
- Presentation at NIST Workshop (Apr 2012)
- AIHce session (May 2011 and May 2013)
- CA framework document to be submitted for publication (1QFY14)

## Outcomes

- Stakeholders use outputs from PPT Program Stakeholder Meetings - June 2013
- A nationwide strategy for overseeing nonrespiratory PPE is implemented
