

Supplied Air Respirators (SAR) – FY13 (927PP18_SAR)

Objective

Develop revised 42 CFR 84 SAR respirator Subpart J standard

Applicable standards

- 42 CFR 84 Subpart J

Key Partners

- Respirator manufacturers
- DHS/NIST
- RDECOM
- OSHA
- ISEA
- NFPA

Stakeholders

- Respirator users
- Respirator manufacturers
- OSHA

Project Scope

- Upgraded SAR standard
- Allow for the approval of SAR stand alone systems
- Allow for approval of pneumatic tool operation
- Allow for CBRN SAR approval
- Allow for multiple user systems

Milestones FY13

- Q4 Publish SAR RFI in Federal Register

Output

- New STPs
- New SOPs
- Final rule

Outcomes

- Greater variety of SAR designs
- Improved SAR performance
- Availability of SAR for use in CBRN environments
