

FS-4. National estimates of agricultural machinery on US farms

Type of machinery	2006	2011
Tractors	4,235,618	4,355,310
Tractors equipped with ROPS (1)	2,505,233	2,563,267
Diesel tractors	3,059,133	3,346,769
Tractors bypass started or hot-wired in previous 12 months (2)	94,262	96,117
Tractors overturned in previous 12 months	6,651	3,030
Tractors overturned that were ROPS-equipped	2,464	1,770
Square balers	524,654	485,771
Round balers	453,942	485,502
Disc-mowers and discbines	270,944	337,228
Haybines, swathers and crimpers	304,555	299,319
Sickle-bar mowers	436,813	420,192
Brush cutters	1,499,287	1,627,649
Power-take-off (PTO)-driven feed mixers and forage grinders	201,147	223,814
Sprayers and dusters	907,517	1,065,614
All-terrain vehicles (ATVs)	1,247,764	1,579,870
Utility ATVs (3)	358,688	534,625
ATVs used for work	1,125,026	1,384,674
Skid-steer loaders	301,875	380,543
Combines	363,264	337,829
PTO-driven portable grain auger	421,595	418,851
Silage blowers	90,268	83,887

1 Roll-over protective structures

2 Excludes jump-starting batteries

3 Utility ATVs are those with a bench seat, such as a Gator<sup>®</sup> or Mule<sup>®</sup>
