

#### **Distribution of Employed Youth (Ages 15-17) by Industry Sector, United States, 2015**

This pie chart shows the distribution of employed youth ages 15-17 years by industry sector in 2015. The industry sector with the largest numbers of employed youth was the leisure and hospitality sector, accounting for 48% of all youth employment, mostly in restaurants and drinking establishments. This was followed by the retail trade sector with 21% of youth employment, then the educational and health services sector with 9% of youth employment. *(Source: Bureau of Labor Statistics' Current Population Survey.
