

# Opioid Rapid Response Teams Training Plan: Continuing Education (CE) Instructions

## Overview

---

Sections 3, 7, 8 (clinician training plan only), and 9 (clinician training plan only) include several CDC courses that offer continuing education (CE). Clinicians are required complete the CE posttests for courses in Sections 8 and 9.

## Instructions

---

Follow the steps below to access a training, complete the posttest, and obtain a CE certificate in Training and Continuing Education Online (TCEO), CDC's CE system.

1. After completing a course, login or create a new account on [TCEO](#).
2. Visit [Search Courses](#) to find the training and search by the course number (see below).
3. Scroll down and click on the title of the training.
4. Review the information on the Course Summary page and click "Continue."
5. Choose the type of CE you'd like to earn. You can select more than one.
6. Under Pending CE on the My Activities page, click on the course Evaluation and complete it. You will be returned to the My Activities page.
7. Under Pending CE, click on the posttest and complete it. If you don't pass the posttest, you will have one opportunity to retake it.
8. Visit the Completed CE section of the My Activities page to download your certificate(s).
