PHEP Recipient Conference Call

August 17, 2022

Agenda

- **2022 U.S. Monkeypox Outbreak**

- **PHEP Budget Period 4 (BP4) Operational Readiness Review (ORR) Implementation**
  - ORR purpose, modifications
  - Local submission waived
  - Reporting requirements: 50 planning elements

- **Implementation and Support Discussion**
  - Process for releasing forms in BP4
  - Orientation and training support

2022 Monkeypox Outbreak

Monkeypox Response Update: Vaccine Strategy

- On August 9 [FDA Authorizes Emergency Use of JYNNEOS Vaccine to Increase Vaccine Supply | FDA](#))

- Authorizes both intradermal and subcutaneous JYNNEOS administration

- For intradermal administration, each single dose vial can be used to obtain up to five 0.1 mL doses with appropriate needle for adults 18 years or older administration

- CDC training video available at www.cdc.gov/poxvirus/monkeypox/clinicians/index.html

Monkeypox Response Update: PREP Act Coverage

- Public Readiness and Emergency Preparedness (PREP) Act declaration for smallpox Countermeasures includes orthopox viruses, e.g., monkeypox
    - See www.federalregister.gov/documents/2015/12/09/2015-31092/smallpox-medical-countermeasures-amendment
- PREP Act declaration was issued in 2008, amended in 2016, and remains in effect
    - Qualified providers under PREP Act declaration are covered when they administer monkeypox vaccine as required under either the license or the emergency use authorization issued August 9, which includes intradermal and subcutaneous administration
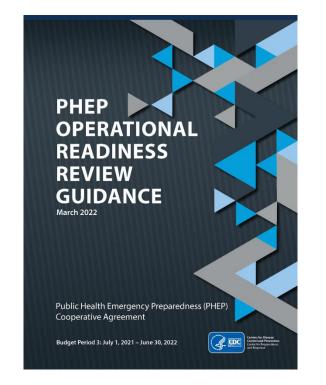

PHEP BP4 ORR Implementation

Budget Period 3 (BP3) ORR Feedback

- PORTS user survey on BP3 ORR implementation process, training, and guidance now available

- CDC encourages users to provide feedback on how to improve ORR process going forward

- Survey closes **11:59 p.m. EDT on Friday, September 16**

PHEP Operational Readiness Review (ORR)

- **Assesses all-hazards readiness** across 15 CDC public health emergency preparedness and response capabilities

- Rigorous evaluation informed by **more than 100 CDC and field-based subject matter experts**
  - **Documents gaps, strengths**, and promising practices
  - **Identifies opportunities** for CDC **technical assistance**

PHEP
OPERATIONAL
READINESS
REVIEW
GUIDANCE
March 2022

Public Health Emergency Preparedness (PHEP)
Cooperative Agreement

Budget Period 3: July 1, 2021 – June 30, 2022

PHEP ORR Methods

- PHEP recipients required to submit data to meet PHEP requirements
  - **Recipients respond** to ORR evaluation questions and **provide supplemental evidence** to support submitted data
  - DSLR project officers, in consultation with evaluation staff, **objectively review evidence to substantiate recipient responses**

- **Continuous review cycle** facilitates quality improvements and timely reporting

Modified ORR in BP3 to Assess COVID-19 Response

- Pandemic COVID-19 Functional Exercise: Vaccination for Critical Workforce Groups and Disproportionately Impacted Populations (**VAC**)

- Pandemic COVID-19 Incident Response (**RSP**)

- Partner-focused measures that support health equity
  - Annual PHEP Exercise with Access and Functional Needs Partners
  - Joint Functional Exercise with Emergency Management and Health Care Coalitions

- October 31, 2022: Deadline to submit additional supporting evidence

BP4 ORR Strategy

- PHEP ORR will focus on collecting essential data related to select capability planning elements

- Local Cities Readiness Initiative planning jurisdictions will **not** be required to submit data in Budget Period 4

BP4 ORR Reporting Requirements

- ~50 data elements versus approximately 200 elements in full PHEP ORR

- Elements align with operational data reported in BP3, primarily RSP elements

- Related ORR guidance is found in Section 2: Evaluation of Plans

- ORR forms expected to be available for data input in November 2022
  - See pages 20-95
  - Contains elements from each of the capabilities

- ORR forms expected to be available for data input in November 2022

Planning Elements for BP4:
Domain 1
Capabilities 1 and 2

PHEP ORR Planning Element	Element Description	PHEP ORR Guidance Page Number	Corresponding RSP Element
CAP1.1a	Date of the most recently conducted jurisdictional risk assessment (JRA) or equivalent	21	NA
CAP1.1b	Hazards identified in the assessment (select all that apply)	22	NA
CAP1.2	Process in place for transporting people during an emergency (select all that apply)	23	RSP1.a
CAP1.3	Evidence identifies roles and responsibilities of equity officer, disability/access and functional needs (D/AFN) coordinator, or equivalent	25	RSP1.b
CAP2.1c	Community recovery (post-incident) plans address mental/behavioral health	27	RSP1.c
CAP2.2	Process for notifying the community of available public health services	29	RSP1.d

Planning Elements for BP4: Domain 2 Capability 3

PHEP ORR Planning Element	Element Description	PHEP ORR Guidance Page Number	Corresponding RSP Element
CAP3.1a	Date of most recent preparedness plans (or annexes) review or update	30	NA
CAP3.2a	Emergency operations center (EOC) functions include pre-event indicators	31	RSP2.a
CAP3.3a	Plans identify incident commander/unified command role	33	RSP2.b
CAP3.4	Process or procedures to request additional personnel and material resources from outside the health department and/or jurisdiction	34	RSP2.c
CAP3.5a	Plans document processes required to support a response including administrative preparedness	35	RSP2.d
CAP3.6a	Continuity of operations (COOP) plans identify essential public health services	36	RSP2.e

Planning Elements for BP4: Domain 3 Capability 4

PHEP ORR Planning Element	Element Description	PHEP ORR Guidance Page Number	Corresponding RSP Element
CAP4.1a	Plans describe roles and responsibilities for public information officer (PIO)	37	RSP3.a
CAP4.2b	Joint Information System (JIS) process and components include a process for establishing and participating in a Joint Information Center (JIC)	38	RSP3.b
CAP4.3a	Evidence community partners representing individuals with access and functional needs (AFN) are integrated in message development for stakeholders	39	RSP3.c1
CAP4.3b	Evidence community partners representing individuals with AFN are integrated in message dissemination to stakeholders	39	RSP3.c2 Element has 2 parts
CAP4.4a	Process or procedures in place to address inquiries about an incident from the public	40	RSP3.d1
CAP4.4b	Process or procedures in place to address inquiries about an incident from the media	40	RSP3.d2 Element has 2 parts

Planning Elements for BP4:
Domain 3, continued Capability 6

PHEP ORR Planning Element	Element Description	PHEP ORR Guidance Page Number	Corresponding RSP Element
CAP6.2a	Plans in place for information sharing support situational awareness and education and include content and development	48	NA
CAP6.2b	Plans in place for information sharing support situational awareness and education and include dissemination	48	NA
CAP6.2c	Plans in place for information sharing support situational awareness and education and include secure messaging	48	NA

Planning Elements for BP4:
Domain 4 Capabilities 8 and 9

PHEP ORR Planning Element	Element Description	PHEP ORR Guidance Page Number	Corresponding RSP Element
CAP8.1a	Process to request assistance for medical countermeasure (MCM) assets involving federal disaster declaration	53	RSP4.1a
CAP8.2	Point of dispensing (POD) security plans in place	55	RSP4.c
CAP8.3a	Process for dispensing MCM in POD and dispensing/ vaccination clinic (DVC) sites includes flow diagram	56	RSP4.b
CAP8.3e	Process for dispensing MCM in POD and DVC sites includes emergency use authorization (EUA) protocols	56	RSP4.d
CAP8.4	MCM procedures for cold chain management	58	RSP4.e
CAP9.1a	Transportation plans include primary transport	61	RSP4.f
CAP9.2d, h	Adequate receipt, stage, store (RSS) facility staffing available for 24 hours of continuous operation	63	RSP4.g
CAP9.4b	RSS site-specific security for MCM assets includes security plan	65	RSP4.h

Planning Elements for BP4:
Domain 4, continued
Capabilities 11 and 14

PHEP ORR Planning Element	Element Description	PHEP ORR Guidance Page Number	Corresponding RSP Element
CAP11.1a	Plans for nonpharmaceutical interventions (NPI) include regulatory and legal authorities	74	RSP4.i
CAP11.1b	Plans for NPI include triggers for activation	74	RSP4.i
CAP14.3a	Plans for pre-deployment assessment of public health responders include physical health screenings	90	RSP4.j
CAP14.3b	Plans for pre-deployment assessment of public health responders include mental/behavioral health screenings	90	RSP4.l
CAP14.4a	Scalable plans for public health responders (during and after response) include just-in-time training	91	RSP4.n
CAP14.4b	Scalable plans for public health responders (during and after response) include injury and morbidity surveillance	91	RSP4.k
CAP14.4c	Scalable plans for public health responders (during and after response) include post-deployment monitoring	91	RSP4.m

Planning Elements for BP4:
Domain 5
Capabilities 5 and 7

PHEP ORR Planning Element	Element Description	PHEP ORR Guidance Page Number	Corresponding RSP Element
CAP5.1a	During a mass fatality incident describe public health's role for electronic death registration system (EDRS) reporting	41	RSP5.c
CAP5.1b	During a mass fatality incident describe public health's role in the issuance of death certificates	41	RSP5.e
CAP5.1d	During a mass fatality incident describe public health's role in identification of sites for interim storage and disposition of human remains	41	RSP5.a
CAP5.2b	Fatality management operation plans include surveillance	43	RSP5.b
CAP5.2c	Fatality management operation plans include mortality reporting	43	RSP5.d
CAP7.1d	Plans describe public health roles and responsibilities related to mass care within congregate sites such as shelters related to climate monitoring	49	RSP5.f
CAP7.1g	Plans describe public health roles and responsibilities related to mass care within congregate sites such as shelters related to mental/behavioral health services	49	RSP5.g
CAP7.2	Plans or process for accommodating AFN populations at congregate locations	51	RSP5.h

Planning Elements for BP4: Domain 5, continued Capabilities 10 and 15

PHEP ORR Planning Element	Element Description	PHEP ORR Guidance Page Number	Corresponding RSP Element
CAP10.1a	Public health medical surge plans during an incident include triggers or additional public health support of health care	69	RSP5.j
CAP10.2	Plans for crisis standards of care (CSC)	70	RSP5.k
CAP10.3a	Procedures in place for information exchange between public health and health care sectors regarding staffing status	71	RSP5.l
CAP15.1b	Volunteer management plans include screening and credential verification	92	RSP5.m

Planning Elements for BP4: Domain 6 Capabilities 12 and 13

PHEP ORR Planning Element	Element Description	PHEP ORR Guidance Page Number	Corresponding RSP Element
CAP12.1	Public health laboratory has implemented a laboratory information management system (LIMS) to receive and report laboratory information electronically (e.g., electronic test orders and reports with hospitals and clinical laboratories, surveillance data from public health laboratory to epidemiologist; answer choices: yes, bidirectional capability to receive and report; receive only; report only; no, electronic messaging capability)	76	RSP6.a
CAP13.3a	Procedures for confidential, sensitive, and restrictive data including secure storage	81	RSP6.d
CAP13.3b	Procedures for confidential, sensitive, and restricted data include secure sharing	81	RSP6.e
CAP13.4	Plans to initiate and track mitigation actions	85	RSP6.f

Implementation and Support Discussion

Proposed Process for Releasing, Submitting ORR Forms in BP4

- CDC proposes phased release and submission of ORR forms, beginning in November 2022

  - Staggered throughout the year by domain
  - June 30, 2023: final submission date

Polling Question 1: Do you agree with CDC's proposed approach for submitting ORR forms in BP4?

a. Yes, I prefer to submit forms based on CDC's proposed timeline.

b. No, I prefer to submit all forms at my own pace by June 30, 2023.

Please type any comments in the chat.

BP3 Training and Technical Assistance Delivery Methods

To support PHEP recipients with the PORTS submission process during BP3, CDC provided

- PHEP ORR guidance training

- PORTS system-related training

- Office hours

- Documentation

Polling Question 2: What was <u>most valuable</u> about the support that CDC provided during BP3?

Please <u>type</u> your response in the chat.

Polling Question 3: What could be <u>improved upon</u> to better assist you in completing and submitting forms during BP4?

Please <u>type</u> your response in the chat.

Polling Question 4: During BP4, what <u>frequency</u> would you like <u>PORTS system training</u> to occur?

a. Weekly

b. Every other week

c. Monthly

d. I do not need PORTS system training during BP4

Polling Question 5: During BP4, what <u>frequency</u> would you like <u>PHEP ORR guidance training</u> to occur?

a. Weekly

b. Every other week

c. Monthly

d. I do not need PHEP ORR guidance training during BP4

Polling Question 6: What training or technical assistance <u>delivery method(s)</u> do you prefer? (select all that apply)

- ☐ Instructor-led, virtual training

- ☐ Webinars

- ☐ Office hours

- ☐ Instructional resources (reference guides, video recordings, etc.)

- ☐ Other (type in chat)
