

A NURSE'S ROLE IN INTEGRATED PAIN MANAGEMENT

WB4716R

PROGRAM DESCRIPTION: This enduring activity is designed to educate nurses on ways they can support implementation of the *2022 CDC Clinical Practice Guideline for Prescribing Opioids for Pain* and address nurses' roles in quality pain care.

OBJECTIVES:

At the conclusion of the activity, the participant will be able to:

1. Describe communication strategies that enhance interactions with patients.
2. Identify a screening tool that can be used to inform pain management decisions with patients.
3. Identify a pain treatment approach that is consistent with implementation considerations included within the *2022 CDC Clinical Practice Guideline for Prescribing Opioids for Pain*.
4. Describe the importance of interprofessional care coordination in providing patient care.
