

Information Sharing Exercise Questions
For Feedback Plenary Session

Part 1 (determination of what information should be shared):

To Public Health (PH):

- 1) Describe the process the group used to make decisions on what information would be shared with Law Enforcement (LE).
- 2) Describe categories of information or criteria the group decided could be shared with LE.
- 3) Describe the reasons and/or restrictions that prevented PH from sharing certain pieces of information.

To Law Enforcement (LE):

- 1) Describe the process the group used to make decisions on what information would be shared with Public Health (PH).
- 2) Describe categories of information or criteria the group decided could be shared with PH.
- 3) Describe the reasons and/or restrictions that prevented LE from sharing certain pieces of information.

Part 2 (following exchange of information):

To PH:

- 1) Describe the value in sharing information (were there links established between both data sets)?
- 2) Describe the need to ask follow-up questions or ask for more information. Did PH understand the information provided by LE?
- 3) Are there implications for sharing some of the matched information to other nations? If so, what are they?

To LE:

- 4) Describe the value in sharing information (were there links established between both data sets)?
- 5) Describe the need to ask follow-up questions or ask for more information. Did LE understand the information provided by PH?
- 6) Are there implications for sharing some of the matched information to other nations? If so, what are they?
