prevention/sexual-health.html](https://www.cdc.gov/poxvirus/mpox/prevention/sexual-health.html)

## Protect Yourself

- Get your two-dose vaccine.
- Know the signs and symptoms of mpox:

Rash

Fever

Headache

Aches

Chills

Scan the QR code to find mpox vaccine locations near you or visit:

[www.cdc.gov/poxvirus/mpox/vaccines/](https://www.cdc.gov/poxvirus/mpox/vaccines/)

## If You Have Sex with Someone Who Has These Symptoms

- Check yourself for symptoms for 21 days.
- Get vaccinated.
- If you develop any of these symptoms, contact a healthcare provider to discuss testing.
