

## 1. Boarding or at Departure Gate

*Upon arrival in the United States, public health officials may randomly check your COVID-19-related documentation that you were required to show when you boarded this flight. This may include your COVID-19 test results or documentation of recovery from COVID-19 and proof of COVID-19 vaccination, if applicable. Each person, except those under the age of 2 years, may be required to present this documentation. Please have this documentation, along with your passport, available for inspection. If your proof of COVID-19 vaccination, COVID-19 test result or your documentation of recovery is digital and on a mobile device, preload this information for inspection. Internet access may not be available at the airport when we land, so you may need to have a screen capture (or a screen shot/picture of the documentation) on your mobile device to show to public health officials.*

*Thank you for your cooperation, which is essential in efforts to slow the spread of COVID-19. Once again, please have your passport, COVID-19 test results or documentation of recovery, and proof of COVID-19 vaccination if applicable ready for inspection when you get off the plane.*

## 2. Upon Arrival in the United States

*Welcome to the United States.*

*Public health officials may randomly check your COVID-19-related documentation that you were required to show when you boarded this flight. This may include your COVID-19 test results or documentation of recovery from COVID-19 and proof of COVID-19 vaccination, if applicable. Each person, except those under 2 years of age, may be required to present this documentation. Please have this documentation, along with your passport open to the information page, available for inspection by a public health official. If your proof of COVID-19 vaccination, COVID-19 test result or your documentation of recovery is digital and on a mobile device, preload this information for inspection. Internet access may not be available at the airport, so you may need to have a screen capture (or a screen shot/picture of the documentation) on your mobile device to show to public health officials.*

*Thank you for your cooperation, which is essential in efforts to slow the spread of COVID-19. Once again, please have your passport, COVID-19 test results or documentation of recovery, and proof of COVID-19 vaccination if applicable ready for inspection when you get off the plane.*
