CDC - PERINATAL QUALITY COLLABORATIVES WEBINAR SERIES

WD2399

PROGRAM DESCRIPTION: Seminars are designed to disseminate perinatal health quality improvement strategies employed by high-functioning collaboratives to states in various stages of establishing similar statewide organizations.

OBJECTIVES:

At the conclusion of the session, the participant will be able to:

- Describe the administrative data set, including measures, strengths, and weaknesses
- Share applications of administrative data for perinatal quality initiatives
- Provide sample maternal and neonatal analyses that can be used to focus a quality improvement project
