

Recovery Is Possible

Understand How to Get Help

“ I was given a prescription opioid pain medication that lasted a lot longer than the pain itself. ”

—Mike

CDC Rx AWARENESS CAMPAIGN

“ I started to watch my life slip away. ” –Mike

The opioid crisis has most likely affected you or someone you know.

Call 911 right away if you suspect an overdose. Give naloxone if available.

Opioid use disorder is a disease that can be treated.

- Anyone can become addicted.
- Opioid misuse increases risk of addiction and overdose.
- Help is available.

Call SAMHSA's National Helpline at **1-800-662-HELP** or visit **[cdc.gov/RxAwareness/Treatment](https://www.cdc.gov/RxAwareness/Treatment)** to learn more.
