

## Rx Awareness Video Transcript

**Candidate: Brenda**

**Length: 30 seconds**

*On-screen text:* Prescription opioids can be addictive and dangerous.

*Brenda:* We were driving to the supermarket, and as we entered the parking lot, a car ran a stop sign and completely t-boned us. When I was first prescribed my prescription pain meds, there was nobody to tell me that these have a really high potential for addiction.

*Audio description:* Brenda looks at a picture of her and her son together.

*Brenda:* How can I be addicted? I get these from my doctor. It kills your soul and it makes you feel worthless.

*On-screen text:* It only takes a little to lose a lot. [CDC.gov/RxAwareness](https://www.cdc.gov/RxAwareness)
