PLEASE READ EACH QUESTION CAREFULLY

(footnotes can be found on page 5)

1. Have you experienced any of the symptoms in the list below in the past 48 hours¹?
   - Fever or chills
   - New or unexplained onset of cough, shortness of breath, or difficulty breathing
   - New or unexplained loss of taste or smell
   - New or unexplained muscle aches

   YES  NO

   Proceed to Question 2

2. Are you isolating or quarantining because you tested positive for COVID-19 or are worried that you may be sick with COVID-19²?

   YES  NO

   Proceed to Question 3

3. Proceed to Question 3A, 4A, or 5A, Based on your Vaccination Status:

   3A
   3A: FULLY VACCINATED³ and UP TO DATE⁵ with COVID-19 vaccination series, OR
   Have RECOVERED FROM A DOCUMENTED COVID-19 INFECTION in the last 3 MONTHS
   (ANSWER QUESTIONS ON PAGE 2)

   4A
   4A: FULLY VACCINATED³ and NOT UP TO DATE⁵ with COVID-19 vaccination series, OR
   Have RECOVERED FROM A DOCUMENTED COVID-19 INFECTION in the last 3 MONTHS?
   (ANSWER QUESTIONS ON PAGE 3)

   5A
   5A: NOT FULLY VACCINATED³ or PREFER NOT TO ANSWER
   (ANSWER QUESTIONS ON PAGE 4)
If you are FULLY VACCINATED\(^3\) and UP TO DATE\(^5\) with COVID-19 vaccination series, OR Have RECOVERED FROM A DOCUMENTED COVID-19 INFECTION in the last 3 Months, PROCEED TO QUESTION 3A

3A. Have you been in close physical contact in the last 10 days with anyone who is known to have COVID-19\(^6\)?

   - YES  Proceed to Question 3C
   - NO  Proceed to Question 3B

3B. Have you traveled internationally in the last 10 days\(^8\)?

   - YES
   - Access to CDC Facilities Approved with Conditions\(^13\)

   - NO
   - Access to CDC Facilities Approved

3C. Did you get a negative COVID-19 test result from a test taken at least 5 days after your last exposure to the close contact\(^7\)?

   - YES  Proceed to Question 3D
   - NO  STOP

3D. Have you traveled internationally in the last 10 days\(^8\)?

   - YES  Access to CDC Facilities Approved with Conditions\(^13\)
   - NO  Access to CDC Facilities Approved with Conditions\(^15\)

I certify that my responses are true and correct

---

\(^3\)Conditional Access:
- Get tested 3-5 days after travel
- If you develop symptoms, immediately leave campus, isolate, and consult with your healthcare provider

\(^5\)Conditional Access:
- Wear a mask in CDC facilities for 10 days following exposure even if you don’t have symptoms
- Get tested 5 days after exposure
- Get tested 3-5 days after travel
- If you develop symptoms, immediately leave campus, isolate, and consult with your healthcare provider
If you are **FULLY VACCINATED** and **NOT UP TO DATE** with COVID-19 vaccination series, **OR** Have **RECOVERED FROM A DOCUMENTED COVID-19 INFECTION** in the last 3 Months, **PROCEED TO QUESTION 4A**

**4A**

Have you been in close physical contact in the last 10 days with anyone who is known to have COVID-19?

- **YES** Proceed to Question 4C
- **NO** Proceed to Question 4B

**4B**

Have you traveled internationally in the last 10 days?

- **YES** Proceed to Question 4D
- **NO**

**4C**

Did you have a negative COVID-19 test result from a test taken at least 5 days after your last exposure to the close contact?

(If it hasn’t yet been 5 days since your last exposure, select “NO”)

- **YES** Proceed to Question 4E
- **NO**

**4D**

Have you traveled internationally in the last 5 days?

- **YES** STOP
- **NO**

**4E**

Have you traveled internationally in the last 10 days?

- **YES** Proceed to Question 4F
- **NO**

**4F**

Have you traveled internationally in the last 5 days?

- **YES** STOP
- **NO**

---

**Conditional Access:**

- Wear a mask in CDC facilities for 10 days following exposure or until your test result is negative
- Get tested 5 days after exposure
- If you develop symptoms, immediately leave campus, isolate, and consult with your healthcare provider

---

I certify that my responses are true and correct

**Access to CDC Facilities**

- **Approved**
- **Not Approved**
- **Approved with Conditions**

---

**V14 Updated: 5/10/2022**
If you are NOT FULLY VACCINATED\(^3\) or PREFER NOT TO ANSWER, PROCEED TO QUESTION 5A

If the COVID-19 community level for the CDC facility you are entering is medium or high, do you attest that you have shown—or will show this week—a COVID-19 PCR or professionally-proctored antigen test taken this week to your supervisor, Contracting Officer’s Representative (COR), or CDC supervisor/mentor\(^{12}\)?

\(\text{If you are a visitor to CDC, select “YES”. You may be asked to show CDC Security a negative COVID-19 PCR or professionally-proctored antigen test when you check-in.}\)

**Conditional Access:**
- Wear a mask in CDC facilities for 10 days following exposure or until your test result is negative
- Get tested 5 days after exposure
- If you develop symptoms, immediately leave campus, isolate, and consult with your healthcare provider

---

5B.

**Have you been in close physical contact in the last 10 days with anyone who is known to have COVID-19?**

**Conditional Access:**
- Get tested 3-5 days after travel
- If you develop symptoms, immediately leave campus, isolate, and consult with your healthcare provider

---

5C.

**Have you traveled internationally in the last 10 days?**

**Conditional Access:**
- Wear a mask in CDC facilities for 10 days following exposure even if you don’t have symptoms
- Get tested 5 days after exposure
- Get tested 3-5 days after travel
- If you develop symptoms, immediately leave campus, isolate, and consult with your healthcare provider

---

5D.

**Did you have a negative COVID-19 test result from a test taken at least 5 days after your last exposure to the close contact?**

\(\text{If it hasn’t yet been 5 days since your last exposure, select “NO”}\)

**Conditional Access:**
- Get tested 3-5 days after travel
- If you develop symptoms, immediately leave campus, isolate, and consult with your healthcare provider

---

5E.

**Have you traveled internationally in the last 5 days?**

**Conditional Access:**
- Wear a mask in CDC facilities for 10 days following exposure if you don’t have symptoms
- Get tested 3-5 days after exposure
- Get tested 3-5 days after travel
- If you develop symptoms, immediately leave campus, isolate, and consult with your healthcare provider

---

5F.

**Have you traveled internationally in the last 10 days?**

**Conditional Access:**
- Wear a mask in CDC facilities for 10 days following exposure even if you don’t have symptoms
- Get tested 3-5 days after exposure
- If you develop symptoms, immediately leave campus, isolate, and consult with your healthcare provider

---

5G.

**Have you traveled internationally in the last 5 days?**

**Conditional Access:**
- Wear a mask in CDC facilities for 10 days following exposure if you don’t have symptoms
- Get tested 3-5 days after exposure
- If you develop symptoms, immediately leave campus, isolate, and consult with your healthcare provider

---

I certify that my responses are true and correct

---

\(1\) Conditional Access:
- Get tested 3-5 days after travel
- If you develop symptoms, immediately leave campus, isolate, and consult with your healthcare provider

\(2\) Conditional Access:
- Wear a mask in CDC facilities for 10 days following exposure or until your test result is negative
- Get tested 5 days after exposure
- If you develop symptoms, immediately leave campus, isolate, and consult with your healthcare provider

\(3\) Conditional Access:
- Wear a mask in CDC facilities for 10 days following exposure even if you don’t have symptoms
- Get tested 3-5 days after exposure
- If you develop symptoms, immediately leave campus, isolate, and consult with your healthcare provider
When the COVID-19 community level in the county where the CDC facility is located is medium or high, staff who are not yet fully vaccinated with their primary series are required to be considered fully vaccinated with the primary series, you must be 22 weeks following receipt of the second dose in a 2-dose series or 22 weeks following receipt of one dose of a single-dose vaccine. Please see Stay Up to Date With Your Vaccines page (https://www.cdc.gov/coronavirus/2019-ncov/vaccines/stay-up-to-date.html) for more info about being fully vaccinated.

*Travel restrictions are limited to international travel only.

*You are up to date with your COVID-19 vaccines when you have received all doses in the primary series and one booster when eligible (getting a second booster is not necessary to be considered up to date at this time). If it has been longer than 5 months since you completed your primary series of Pfizer-BioNTech or Moderna OR it has been longer than 2 months since you completed your primary series of J&J's Janssen—and you have not yet received a booster—answer “No.”

*If you have been in close contact with someone with COVID-19 and you are not up-to-date with your COVID-19 vaccines, you must get tested 5 days after your exposure and you should wear a mask indoors for 10 days, even if you don't have symptoms. Read more about what to do if you've had a close contact and are up-to-date on your vaccinations (https://www.cdc.gov/coronavirus/2019-ncov/your-health/quarantine-isolation.html). If you have an urgent need to end your quarantine early to access a CDC facility, please fill out a waiver request by completing the COVID-19 Waiver for Access to CDC Facilities form (https://forms.office.com/g/4JzcJbMxTv).

*If you have been in close contact with someone with COVID-19 and you are NOT up to date with your COVID-19 vaccines, you should stay home and quarantine for at least 5 full days, get tested at least 5 days after your exposure, and you should wear a mask indoors for 10 days, even if you don't have symptoms. Read more about what to do if you've had a close contact and are not up to date on your vaccinations (https://www.cdc.gov/coronavirus/2019-ncov/your-health/quarantine-isolation.html). If you have an urgent need to end your quarantine early to access a CDC facility, please fill out a waiver request by completing the COVID-19 Waiver for Access to CDC Facilities form (https://forms.office.com/g/4JzcJbMxTv).

*If you have been in close contact with someone with COVID-19 and you are up to date with your COVID-19 vaccines, you should get tested 3-5 days after international travel (https://www.cdc.gov/coronavirus/2019-ncov/travelers/international-travel-during-covid19.html#anchor_1634925927097), and should self-monitor for symptoms, but do not need to self-quarantine.

*If you have been in close contact with someone with COVID-19 and you are NOT up to date with your COVID-19 vaccines, you should stay home and quarantine for at least 5 full days after international travel, get tested 3-5 days after travel, and self-monitor for symptoms. If you have an urgent need to end your quarantine early to access a CDC facility, please fill out a waiver request by completing the COVID-19 Waiver for Access to CDC Facilities form (https://forms.office.com/g/4JzcJbMxTv).

*If you have concerns about being exposed to or sick with COVID-19, please stay home and self-quarantine or isolate. Read more about when you should be in isolation or quarantine (https://www.cdc.gov/coronavirus/2019-ncov-if-you-are-sick-quarantine.html). If you have questions about when it is safe to return to the workplace, please call CDC's Occupational Health Clinic (OHC) at 404-639-3385. If you have an urgent need to access a CDC facility while quarantining, please fill out a waiver request by completing the COVID-19 Waiver for Access to CDC Facilities form (https://forms.office.com/g/4JzcJbMxTv).

*To be considered fully vaccinated with the primary series, you must be 22 weeks following receipt of the second dose in a 2-dose series or 22 weeks following receipt of one dose of a single-dose vaccine. Please see Stay Up to Date With Your Vaccines page (https://www.cdc.gov/coronavirus/2019-ncov/vaccines/stay-up-to-date.html) for more info about being fully vaccinated.
