

# Falls are the leading cause of death in construction

**Fatal falls from ladders account for 24% of all deaths from falls in construction.\***

**Small business owners be aware:**  
55% of fatal falls in construction are in companies with 1-10 employees.\*

## NIOSH Ladder Safety for iPhone and Android

Download the Ladder Safety app. Available in English and Spanish.

**You can help prevent fall-related deaths and injuries.**
