

Office of Health Equity (OHE)

AAPPS Opportunities

AAPPS Grantee Meeting
June 12, 2014
Atlanta, GA

The Office of Health Equity:

Works to increase quality STD prevention services for African American and American Indian/Alaska Native adolescents, young adults, and men who have sex with men.

OHE niche within AAPPS

□ **AAPPS most applicable:**

- Assessment
- Assurance
- Policy
- Prevention Services

□ **Focus complimenting AAPPS grantees ongoing projects and plans:**

- Community Engagement/Empowerment
- Partnerships
- Monitoring and Evaluation

OHE Assets

Work with priority populations:

- Adolescents and young adults
- MSM

Innovative methods:

- Reducing community disadvantage and build community identity and confidence
- Developing and creating strategies for community/public/private partnership
- Linking economic, social, and environmental policy
- Creating culturally relevant/specific curricula

TA and guidance

□ OHE is well-poised to offer TA for:

- Diplomacy, negotiation, problem-solving and stakeholder analysis
- Community engagement
- Public/Private partnerships

□ Identification of key resources are dependent upon need

OHE suggestions for AAPPS collaboration

- Contingent upon the needs, resources, and initiatives of the project area**
