

### STD AAPPs: Enhanced Evaluation FOA, Sample Evaluation Plan Matrix

Applicants may choose to use an alternative table format for presenting their evaluation plan in more detail. However, alternate formats must include the information requested in the example below.

| <b>STD AAPPs Enhanced Evaluation Plan Matrix: [applicant name]</b><br><b>Topic Area: [list]</b> |  |  |  |          |               |          |
|---|--|--|--|----------|---------------|----------|
| <b>Process evaluation component</b>   |  |  |  |          |               |          |
| Evaluation Questions  | Key indicators (if quantitative) or Key domains of interest (if qualitative) | Data Source(s)<br>[note whether or not data already exist] | DATA COLLECTION                              |          | DATA ANALYSIS |          |
|   |  |  | Methods<br>[note who is collecting the data] | Timeline | Procedure     | Timeline |
|   |  |  |  |          |               |          |
|   |  |  |  |          |               |          |
|   |  |  |  |          |               |          |
| <b>Outcome evaluation component</b>   |  |  |  |          |               |          |
| Evaluation Questions  | Key indicators (if quantitative) or Key domains of interest (if qualitative) | Data Source(s)<br>[note whether or not data already exist] | DATA COLLECTION                              |          | DATA ANALYSIS |          |
|   |  |  | Methods<br>[note who is collecting the data] | Timeline | Procedure     | Timeline |
|   |  |  |  |          |               |          |
