Public reporting burden of this collection of information is estimated to average 1 hour per client record extracted (for a total monthly burden of 121 hours per laboratory respondent), which includes the time required for laboratory processing of the client's isolate, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC, Project Clearance Officer, 1600 Clifton Road, MS E-11, Atlanta, GA 30333. ATTN: PRA (0920-0307). Do not send the completed form to this address.
