

STD Prevention Science Series

Presented by the Centers for Disease Control and Prevention Division of STD Prevention and
The American Sexually Transmitted Diseases Association

The **Centers for Disease Control and Prevention Division of STD Prevention (DSTDP)** and the **American Sexually Transmitted Diseases Association (ASTDA)** have partnered to bring you the latest research and best practices for STD prevention with the **STD Prevention Science Series 2012**.

This quarterly series will bring lectures on cutting edge issues by scientists and program experts of world renown to all persons interested in the prevention of STIs including HIV.

DECEMBER 13, 2012, 11:00AM – 12:00PM ET

The Road From Observation to Intervention to Implementation: Perspectives of a Pragmatic HIV Prevention Researcher

by **Connie Celum, MD, MPH**

In this webinar, Dr. Celum will describe lessons learned in moving from observational epidemiology of STIs and HIV interaction with a focus on HSV-2 to testing interventions to reduce HIV acquisition and transmission. She will describe current work on combination HIV prevention to achieve high coverage of HIV testing and linkages to effective interventions (HIV treatment and male circumcision) in subSaharan Africa.

Dr. Celum is an infectious diseases epidemiologist, with research interests focusing on HIV prevention trials to find effective strategies to reduce HIV acquisition and transmission. Dr. Celum was the Principal Investigator of efficacy trials of herpes suppression for prevention of HIV acquisition (HPTN 039), herpes suppression for HIV transmission and disease progression (Partners in Prevention HSV/HIV Transmission Study and HPTN 039) in the US, Peru, and Africa. She is the Principal Investigator of the Partners PrEP Study of pre-exposure antiretroviral prophylaxis among HIV serodiscordant couples in Kenya and Uganda. She is the Principal Investigator of combination HIV prevention studies to achieve high coverage of knowledge of HIV serostatus through home-based HIV testing, with linkages to HIV care and evidence-based HIV prevention interventions (e.g., medical male circumcision) in South Africa and Uganda.

Participating in the Webinar

Participants can join the event by clicking [this link](#) and calling **1-888-455-9643**. The conference number is PW7179671 and the participant passcode is 8307351.

FUTURE TOPICS AND DATES

The Microbiome of the Penis in Adolescent Men

March 7, 2013, 1:00 – 2:00 pm ET

Dennis Fortenberry, MD

Indiana University School of Medicine, Indianapolis, IN

CME INFORMATION

The Centers for Disease Control and Prevention is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

The Centers for Disease Control and Prevention designates this **live activity** for a maximum of 1.0 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Continuing Education designated for Non-Physicians:

Non-physicians will receive a certificate of participation.

Continuing Nursing Education for Nurses (CNE):

The Centers for Disease Control and Prevention is accredited as a provider of Continuing Nursing Education by the American Nurses Credentialing Center's Commission on Accreditation.

This activity provides **1.0** contact hours.

IACET Continuing Education Units (CEU):

The CDC has been approved as an Authorized Provider by the International Association for Continuing Education and Training (IACET), 1760 Old Meadow Road, Suite 500, McLean, VA 22102.

The CDC is authorized by IACET to offer **0.1** ANSI/IACET CEUs for this program.

Continuing Education Contact Hours in Health Education (CECH):

Sponsored by the Centers for Disease Control and Prevention, a designated provider of continuing education contact hours (CECH) in health education by the National Commission for Health Education Credentialing, Inc. This program is designed for Certified Health Education Specialists (CHES) to receive up to **1.0** Category I CECH in health education. CDC provider number **GA0082**.

Continuing Pharmacy Education (CPE):

The Centers for Disease Control and Prevention is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

This program is a designated event for pharmacists to receive *0.1* Contact Hours in pharmacy education. The Universal Activity Number is :

0387-0000-12-150-L01-P/ 0387-0000-12-150-H01-P.

Course Category: This activity has been designated as Knowledge-Based

After this activity the participant will be able to:

- Discuss clinical significance of the STD prevention issue.
- Describe epidemiological trends related to the STD prevention issue.
- Identify key screening, treatment, and prevention recommendations for management of the STD prevention issue.
- Promote health improvement, wellness, and disease prevention in cooperation with patients, communities, at-risk populations, and other members of an interprofessional team of health care providers.
