

# **STEADI: EMPOWERING HEALTHCARE PROVIDERS TO REDUCE FALL RISK WB4310**

**PROGRAM DESCRIPTION:** The purpose of the course is to educate healthcare providers about falls among older adults and about steps providers can take to prevent falls in their practices. The ultimate goal is to reduce falls among older adults, defined as anyone aged 65 and over, and to promote their health and independence.

## **OBJECTIVES:**

After completing the training, learners will be able to:

1. Explain the burden of falls as a critical public health issue among older adults
2. Describe CDC's STEADI initiative
3. Demonstrate use of falls screening tools
4. Identify patients' modifiable risk factors such as medication use
5. Describe strategies to reduce fall risk
6. Identify STEADI tools and resources for patients and providers
7. Discuss ways to implement fall prevention using an interprofessional team-based approach

## **FACULTY/CREDENTIALS:**

- Erin Bruner, BA; Health Communication Specialist, Centers for Disease Control and Prevention
- Shelly Gray, PharmD, MS; Professor, University of Washington School of Pharmacy; Director, Plain Center for Geriatric Pharmacy Research, Education and Outreach
- Yara Haddad, PharmD, MPH, BCGP; Consultant Pharmacist, Totally Joined for Achieving Collaborative Techniques, Centers for Disease Control and Prevention
- Ted Johnson, MD, MPH; Professor, Emory University School of Medicine; Chief, Emory General Medicine and Geriatrics
