

A TIP FROM A  
**FORMER  
SMOKER**

**“HIV alone didn’t  
cause the clogged  
artery in my neck.  
Smoking with  
HIV did.”**

*Brian, age 45  
HIV positive, had a stroke at age 43  
from a clogged neck artery.  
California*

**YOU CAN QUIT.  
TALK WITH YOUR  
HIV SPECIALIST  
FOR HELP.**
