

Smokefree Protection in the South: Is Your Community Smokefree?

A comprehensive smokefree law prohibits smoking in ALL indoor areas of private worksites, restaurants, and bars.

WHAT PERCENT OF RESIDENTS ARE PROTECTED BY A COMPREHENSIVE SMOKEFREE LAW?

*States that remove or limit local government to enact local policies that protect people from secondhand smoke.

NO LEVEL OF SECONDHAND SMOKE EXPOSURE IS SAFE.

Secondhand smoke kills more than 400 infants and 41,000 adult nonsmokers[†] every year in the U.S.

58 million U.S. nonsmokers are still exposed to secondhand smoke.

Smokefree laws and policies are proven ways to protect nonsmokers from the harms of secondhand smoke exposure.

[†] Infant deaths include those due to Sudden Infant Death Syndrome. Deaths among nonsmoking adults include those due to lung cancer and heart disease.
