

PreHevbrio for adult hepatitis B vaccination: EtR and GRADE

Introduction

Kevin Ault, MD

ACIP Hepatitis WG Chair

Hepatitis Vaccines Work Group, Advisory Committee on Immunization Practices
February 16, 2022

Overview: ACIP Hepatitis Work Group

- 1. Universal adult hepatitis B (HepB) vaccination recommendation – approved 2021**
- 2. FDA Approval of PreHevbrio, a three-antigen HepB vaccine – approved 2021**
- 3. ACIP presentation by manufacturer (VBI) on safety and immunogenicity of PreHevbrio – presented Jan 12, 2022**
- 4. PREHEVBRIO for adult HepB vaccination: EtR and GRADE – Today**
- 5. Subsequent WG term of reference will be to explore preferential use of HepB vaccines among specific risk groups**

PreHevbrio for adult HepB vaccination

- **EtR and GRADE: Informational presentation**
 - **ACIP Vote is *not* needed, as PreHevbrio will be another non-inferior vaccine option to be used within the existing HepB recommendations**
- **PreHevbrio will be incorporated into the 2023 immunization schedule as appropriate**
