Bivalent Moderna COVID-19 Vaccine
When to Use the Pink Versus Blue-Capped Vial

For most people (those who are NOT moderately or severely immunocompromised)
There are 2 different vials of Moderna bivalent COVID-19 vaccine. Determining which presentation and dosage to use is based on the recipient's age and vaccination history and the presence of moderate or severe immune compromise. Label bins in storage units to help staff correctly identify the vials.

<table>
<thead>
<tr>
<th>Age: 6 months through 5 years</th>
<th>Vaccination history:</th>
</tr>
</thead>
<tbody>
<tr>
<td>NEVER been vaccinated with ANY COVID-19 vaccine</td>
<td></td>
</tr>
<tr>
<td>Previously vaccinated with 1 dose of monovalent COVID-19 vaccine</td>
<td></td>
</tr>
<tr>
<td>Previously vaccinated with 1 dose of bivalent COVID-19 vaccine</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Age: 6 years and older</th>
<th>Vaccination history:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Never been vaccinated with ANY COVID-19 vaccine</td>
<td></td>
</tr>
<tr>
<td>Previously vaccinated with 1 or more doses of only monovalent COVID-19 vaccine</td>
<td></td>
</tr>
<tr>
<td>Previously vaccinated with 1 or more doses of bivalent COVID-19 vaccine</td>
<td></td>
</tr>
</tbody>
</table>

Administer vaccine from this vial based on age, vaccination history and the presence of moderate or severe immune compromise.

<table>
<thead>
<tr>
<th>Age: 6 months through 11 years</th>
<th>Route:</th>
<th>Dose:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Intramuscular (IM) injection</td>
<td>0.25 mL/25 µg</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Age: 12 years and older</th>
<th>Route:</th>
<th>Dose:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Intramuscular (IM) injection</td>
<td>0.5 mL/50 µg</td>
<td></td>
</tr>
</tbody>
</table>

**Note:** For inventory purposes each vial contains 5 doses regardless which dosage is withdrawn.

Administer vaccine from this vial based on age, vaccination history and the presence of moderate or severe immune compromise.

<table>
<thead>
<tr>
