At the time you complete the online evaluation, you will be required to provide a verification code. **Watch for this verification code which is provided during the course.** You must complete this process by **4/21/2018**, when CE expires.

For assistance with the online system, call (800) 41-TRAIN Monday through Friday, 8:00 AM to 4:00 PM Eastern Time or send an e-mail to CE@cdc.gov.

WD2670: You are the Key to HPV Cancer Prevention—2016

PROGRAM DESCRIPTION: Low HPV vaccination rates are leaving another generation of boys and girls vulnerable to devastating HPV cancers. Vaccination could prevent most of these cancers. CDC is looking to you to make an effective recommendation for HPV vaccination when kids are 11 and 12 years old. Provided in this presentation is up-to-date information on HPV infection/disease, HPV vaccine, and ways to successfully communicate with patients and their parents about HPV vaccination. Find out how to reduce missed opportunities by recommending HPV vaccine the same way and same day you recommend other routinely recommended adolescent vaccines.

OBJECTIVES: At the conclusion of the session, the participant will be able to:

Explain in plain language, the importance of HPV vaccination for cancer prevention and the rationale for vaccinating at ages 11 or 12.

Provide an effective recommendation for HPV vaccination.

Describe useful and compelling information about HPV vaccination to succinctly answer questions from parents and aid parents in making the decision to vaccinate their children.

Implement disease detection and prevention health care services (e.g., smoking cessation, weight reduction, diabetes screening, blood pressure screening, immunization services) to prevent health problems and maintain health.

FACULTY/CREDENTIALS:

Jill B Roark, MPH; Health Communication Specialist, NCIRD/CDC and Candice Robinson, MD, MPH, Medical Officer; CDC/NCIRD

ORIGINATION DATE: 4/21/2016

EXPIRATION DATE: 4/21/2018

URL: www.cdc.gov/vaccines/ed/hpv/default.htm

HARDWARE/SOFTWARE: Computer Hardware; Internet connection; Browser

MATERIALS: None

TARGET AUDIENCE: Administrators, CHES certified health educators, Physicians, Epidemiologists, LPNs, LVNs, Medical assistants, medical students, NPs, nurse technicians, other health educators, Pharmacists, PAs, program managers RNs

PREREQUISITES: Participants should have a basic educational background in science including general knowledge in the subject areas of biology, immunization and vaccine-preventable diseases.

FORMAT: This course is Enduring material.

CONTACT INFORMATION: For content-related questions, please contact NIPInfo@cdc.gov; For CE-related questions, contact MBarnett2@cdc.gov

ACCREDITATION STATEMENTS:

CME: The Centers for Disease Control and Prevention is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

The Centers for Disease Control and Prevention designates this Enduring material for a maximum of .75 AMA PRA Category 1 Credits™.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CNE: The Centers for Disease Control and Prevention is accredited as a provider of Continuing Nursing Education by the American Nurses Credentialing Center's Commission on Accreditation.

This activity provides .6 contact hours.

CEU: The Centers for Disease Control and Prevention is authorized by IACET to offer .06 CEU's for this program.

CPE: The Centers for Disease Control and Prevention is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This program is a designated event for pharmacists to receive .6 Contact Hours in pharmacy education. The Universal Activity Number is 0387-0000-16-101-H04-P. Category: This activity has been designated as knowledge-based.

DISCLOSURE: In compliance with continuing education requirements, all presenters must disclose any financial or other associations with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters as well as any use of unlabeled product(s) or product(s) under investigational use.

CDC, our planners, content experts, and their spouses/partners wish to disclose they have no financial interests or other relationships with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters. Planners have reviewed content to ensure there is no bias.

Content will not include any discussion of the unlabeled use of a product or a product under investigational use with the exception of Dr.

Robinson's discussion on HPV Vaccine. She will be discussing use of HPV Vaccine in a manner approved by the ACIP, but not the FDA.

CDC did not accept commercial support for this continuing education activity.

To receive continuing education (CE):

Complete the activity

Complete the Evaluation at www.cdc.gov/TCEOnline

Pass the posttest at 80 % at www.cdc.gov/TCEOnline

FEES: No fees are charged for CDC's CE activities.
