Instructions for the Use of Vaccine Information Statements

Required Use

1. Provide a Vaccine Information Statement (VIS) when a vaccination is given.
As required under the National Childhood Vaccine Injury Act (42 U.S.C. §300aa-26), all health care providers in the United States who administer, to any child or adult, any of the following vaccines — diphtheria, tetanus, pertussis, measles, mumps, rubella, polio, hepatitis A, hepatitis B, Haemophilus influenzae type b (Hib), influenza, pneumococcal conjugate, meningococcal, rotavirus, human papillomavirus (HPV), or varicella (chickenpox) — shall, prior to administration of each dose of the vaccine, provide a copy to keep of the relevant current edition vaccine information materials that have been produced by the Centers for Disease Control and Prevention (CDC):
• to the parent or legal representative of any child to whom the provider intends to administer such vaccine,
• to any adult to whom the provider intends to administer such vaccine.

If there is not a single VIS for a combination vaccine, use the VISs for all component vaccines. VISs should be supplemented with visual presentations or oral explanations as appropriate.

2. Record information for each VIS provided.
Health care providers shall make a notation in each patient’s permanent medical record at the time vaccine information materials are provided, indicating:
(1) the edition date of the Vaccine Information Statement distributed, and
(2) the date the VIS was provided.

This recordkeeping requirement supplements the requirement of 42 U.S.C. §300aa-25 that all health care providers administering these vaccines must record in the patient’s permanent medical record (or in a permanent office log):
(3) the name, address and title of the individual who administers the vaccine,
(4) the date of administration, and
(5) the vaccine manufacturer and lot number of the vaccine used.

Applicability of State Law
Health care providers should consult their legal counsel to determine additional State requirements pertaining to immunization. The Federal requirement to provide the vaccine information materials supplements any applicable State laws.

Availability of Copies
Copies are available in English and many other languages from CDC’s website at [www.cdc.gov/vaccines/pubs/vis](http://www.cdc.gov/vaccines/pubs/vis). Single camera-ready copies may also be available from State health departments.

Current VIS Editions
- DTaP: 8/24/18
- Hib: 4/2/15
- Hepatitis A: 7/20/16
- Hepatitis B: 10/12/18
- HPV (Gardasil-9): 12/2/16
- Influenza (inactivated): 8/7/15
- Influenza (live): 8/7/15
- MMR: 2/12/18
- MMRV: 2/12/18
- Meningococcal ACWY: 8/24/18
- Serogroup B Meningococcal (MenB): 8/9/16
- Pneumococcal (PCV13): 11/5/15
- Polio: 7/20/16
- Rotavirus: 2/23/18
- Td: 4/11/17
- Tdap: 2/24/15
- Varicella: 2/12/18
- Multi-Vaccine*: 11/3/15

*An optional alternative when two or more routine childhood vaccines (i.e., DTaP, hepatitis B, Hib, pneumococcal, or polio) are administered at the same visit.
