\* Estimates presented as point estimate (%) ± 95% Confidence Interval. Estimate=NA (Not Available) if the unweighted sample size for the denominator was <30 or (CI half width)/Estimate > 0.588.

† Estimates with confidence intervals >20 may not be reliable.

§ ≥1 dose of measles-mumps-rubella (MMR) vaccine.

¶ Children in the 2014 NIS were born January 2011 through May 2013.

\*\* Self-reported by provider. Public provider includes public health clinics and community health centers. Private provider includes private clinics, HMOs and group practices. Mixed provider includes more than one type of provider. Other provider includes all other types of providers such as hospitals, military facilities, and unknown responses.
