VACCINATION HELPS PROTECT YOUR CHILD'S HEALTH

WELL-CHILD CHECKUPS ARE ESSENTIAL

- The doctor tracks your child's growth and development
- You can ask the doctor questions about your child's health
- Your child gets recommended vaccinations

VACCINATION HELPS PROTECT YOUR CHILD’S HEALTH

- Routine vaccinations during childhood help prevent 14 diseases
- Among children born from 1994-2018, vaccinations will prevent an estimated 936,000 early deaths, 8 million hospitalizations, and 419 million illnesses

Help protect your child’s health by keeping them on track with recommended vaccinations.

Have questions about vaccines? Talk to your child’s doctor.
