Adults can get COVID-19 vaccines at no cost to them!

The distribution of COVID-19 vaccines changed in September 2023 as these products moved the commercial market.

COVID-19 vaccines are still available at no cost to most people living in the U.S. through their private health insurance, Medicare, and Medicaid plans. However, there are **25-30 million adults without health insurance and additional adults whose insurance** does not offer COVID-19 vaccines at no cost to them.

**CDC's Bridge Access Program provides no-cost COVID-19 vaccines to adults without health insurance and adults whose insurance does not cover all COVID-19 vaccine costs.**

Who can get a no-cost COVID-19 vaccine through this program?

- Adults 18 years and older without health insurance and adults with health insurance that does not provide zero-cost access to COVID-19 vaccines.

The Bridge Access Program will provide no-cost COVID-19 vaccines to eligible adults through **December 31, 2024.**

All CDC-recommended updated COVID-19 vaccines are included in the Bridge Access Program.

Where can someone get a no-cost COVID-19 vaccine through the Bridge Access Program?

- **Local health providers** partnered with state and local health departments*‡
- **HRSA-supported health centers** partnered with state and local immunization programs*‡
- **Select pharmacies:** CVS, Walgreens, and eTrueNorth

Visit [vaccines.gov](https://www.vaccines.gov) to find a provider that offers no-cost COVID-19 vaccines through the Bridge Access Program.
