Prevent Child Abuse & Neglect:
When we make relationships and environments safe, stable, and nurturing, we help all kids and families thrive.

There are four types of child abuse and neglect:

- Physical Abuse
- Sexual Abuse
- Emotional Abuse
- Neglect

The prevention of child abuse and neglect is a CDC priority. They’re not inevitable.

CDC has developed a technical package to help states and communities use the best available evidence to prevent child abuse and neglect.

The technical package highlights:

1. Strengthen economic supports for families
2. Change social norms to support parents and positive parenting
3. Provide quality care and education early in life
4. Enhance parenting skills to promote healthy child development
5. Intervene to lessen harms and prevent future risk

It is important to monitor and evaluate your efforts while the field of violence prevention continues to evolve.

Be a part of the solution.
www.cdc.gov/violenceprevention

Your prevention efforts may involve developing new partnerships or working across sectors

Including:
- Education
- Government
- Health Care Services
- Social Services
- Public Health
- Businesses
- Justice
- Housing
- Non-Governmental Organizations
- Foundations

ACT NOW!

Use CDC’s technical package to begin or expand your prevention efforts.
