

Were you there? We're here.

**Your health today could be
connected to 9/11 exposure.**

The World Trade Center (WTC) Health Program provides specialized care for people of all ages, including those who were children, teens, or young adults in the New York City (NYC) Disaster Area during 9/11 and now may be experiencing physical or mental health conditions.

Today, over 3,000 Program members under age 46 are receiving the following benefits:

- Mental health care
- Treatment for 9/11-related conditions
- Annual monitoring exams (health check-ups)
- Cancer screenings
- Pharmacy benefits
- Benefits counseling

See other side for NYC Disaster Area map*
and Survivor eligibility requirements.

Nadia, a 20-year-old student at New York University on 9/11, receives breast cancer care through the WTC Health Program.

For more information, visit cdc.gov/wtc/interest_ya.html

Survivor Eligibility

If you lived, went to school, attended child care, or spent time in the New York City (NYC) Disaster Area on or after 9/11, you may qualify for care for 9/11-related health conditions at no out-of-pocket cost.

Check the boxes that describe your 9/11 experience:

☐

Were you there?

Were you in the NYC Disaster Area on, or soon after 9/11, for any of the following reasons?

The NYC Disaster Area covers the area within NYC that is the area of Manhattan that is south of Houston street; and any block in Brooklyn that is wholly or partially contained within a 1.5-mile radius of the former WTC site.

Activity	Time Period	Minimum Hour Requirements
• Worked • Lived • Went to school • Attended child-care or adult day care	9/11/2001 to 1/10/2002	4 days (Each day must be at least 4 hours)
	OR	
	9/11/2001 to 7/31/2002	30 days (Each day must be at least 4 hours)
OR		
• Present in the dust or dust cloud	9/11/2001	Any amount of time

☐

And are you sick?

Do you have symptoms or a condition that is covered by the Program that may be related to your 9/11 exposure? Some common symptoms are:

- Persistent cough or wheezing
 - Chronic heartburn or acid reflux
- Constant runny or stuffy nose
 - Trouble sleeping, anxiety, or depression

If you checked the boxes above, you may be eligible to apply.
