

## About the Program

The World Trade Center (WTC) Health Program is a limited federal health care program that provides medical monitoring and treatment for conditions that are certified as related to a member's exposure on 9/11. You could be eligible for this no-cost health care if you survived or responded to 9/11 in New York City, or responded to the Pentagon and the Shanksville, Pennsylvania sites.

### What we do

Health care benefits that eligible members of the WTC Health Program may have access to include:

**Pharmacy**

**Medical Monitoring and Treatment**

**Mental Health Care**

### Where you get care

As a member, you may receive care at a Clinical Center of Excellence (CCE) in the New York (NY) metropolitan area or through a Nationwide Provider Network (NPN) across the country.

#### CCE

If you live in the NY metropolitan area, you will be assigned to a CCE.

#### NPN

Members who live outside the NY metropolitan area can see WTC Health Program Participating Providers for their WTC-related health care across the country.

### Who we serve

The WTC Health Program is dedicated to reaching the over 400,000 people estimated to be affected by 9/11 who may be eligible for coverage.

#### Currently enrolled in the WTC Health Program:

- Nearly **140,000** members
- Over **86,000** Responders
- Almost **51,000** Survivors

#### Responder

Responded to, worked, or volunteered in the response and recovery of 9/11.

#### Survivor

Lived, worked, or went to school or daycare in the NYC Disaster Area during or following 9/11, or were present in the dust or dust cloud on 9/11.

### How do I join?

If you are eligible, you can apply to the Program by mail or online. Applications and application instructions are available at [www.cdc.gov/wtc/apply.html](http://www.cdc.gov/wtc/apply.html)
