The following note applies to several pages on this dashboard.
Enrollment over Lifetime of Program consists of all unique individuals ever enrolled in the Program, including those individuals who have been subsequently disenrolled or died. The Program does not track cause of death for deceased members; thus, cause of death may or may not be WTC-related.
Currently enrolled members do not include deceased or disenrolled members.

WTC Health Program Enrollment

1. Change in Total Enrollment Over the Lifetime of the Program

Enrollment over Lifetime of Program consists of all unique individuals ever enrolled in the Program, including those individuals who have been subsequently disenrolled or died. Deceased members include all causes of death; cause of death may or may not be WTC-related.

Currently enrolled members (as seen on subsequent pages) do not include deceased or disenrolled members.

Enrollment Data Thru:
June 30, 2026

2. New Enrollments Per Year Over Time

Responders

Survivors

New Enrollees

3. New Enrollments Per Quarter this Calendar Year (CY)

New Enrollees

Note on Figure 2: 'New Enrollees' are those new members enrolled in the stated calendar year; numbers are not cumulative.

CCE Enrollment and Member Type

4. Currently Enrolled Members by Clinical Center of Excellence (CCE)

Member Type ● Responder ● Survivor

5. Currently Enrolled Members by Type

Note on CCEs and Nationwide Provider Network (NPN): CCEs serve specific survivor or responder populations in the New York metropolitan area; the NPN serves both responder and survivor members residing outside of the New York metropolitan area. Members who are not actively assigned to a CCE are not included in Figure 4.

CCE Abbreviations: Icahn School of Medicine at Mount Sinai (MSSM), NYC Health and Hospitals (HHC), Fire Department of the City of NY (FDNY), State University of NY, Stony Brook (SUNY), William Street Clinic (LHIWSC), New York University Grossman School of Medicine (NYU)

Demographics of Currently Enrolled Members

1359

Members Outside of the US

12. Applications Received in Past Years

13. Applications Received in Current Calendar Year

Note on Date Range for Application Data: In late 2021, the Program moved to using the online CARE system to process enrollment applications. For consistency in reporting, application data starts with 2022, the first full year of data from the new system.

Application Data Thru: June 30, 2026

Applications in Process - Suspended

14. Prior Year Applications Currently in Suspend Status

15. Current Year Applications in Suspend Status

Note on Date Range for Application Data: In late 2021, the Program moved to using the online CARE system to process enrollment applications. For consistency in reporting, application data starts with 2022, the first full year of data from the new system.

Note on Suspended Applications: Incomplete applications are generally "suspended" but still considered "in process" until sufficient documentation is received to determine enrollment eligibility. An application may move in and out of suspend status throughout the application process. The number of prior year applications currently in suspend status is generally lower than the number of current year applications in suspend status due to sufficient information being received to move the application to active processing status.

Primary Reasons for Applications being Suspended

16. Top 5 Reasons for Suspended Survivor Applications in Past Year

17. Top 5 Reasons for Suspended Responder Applications in Past Year

18. Responder Application Decisions in Past Years

19. Responder Application Decisions in Current Calendar Year

Decision	Qtr 1	Qtr 2
Deny	24	23
Enroll	685	692
Suspend	24	52

Top Denial Reason for
Responder Apps in Past Year

Ineligible Activity

Note on Date Range for Application Data: In late 2021, the Program moved to using the online CARE system to process enrollment applications. For consistency in reporting, application data starts with 2022, the first full year of data from the new system.

Note on Suspended Applications: Typically, incomplete applications are suspended prior to the application being sent to NIOSH for decision-making. This is why the total number of suspended applications is greater than the number of applications with a NIOSH decision of "Suspend".

20. Survivor Application Decisions in Past Years

21. Survivor Application Decisions in Current Calendar Year

Decision	Qtr 1	Qtr 2
Defer	32	19
Deny	32	35
Enroll	1,388	1,466
Suspend	25	63

Top Denial Reason for Survivor Apps in Past Year

▲

New Enrollment Trends by Location

Responders

28. New Responder Members by Location at Time of Enrollment

● Inside NYMA ● Outside NYMA

29. New Responder Members by Location in Current CY

● Inside NYMA ● Outside NYMA

NYMA: The combined statistical areas comprising the Bridgeport-Stamford-Norwalk, CT Metropolitan Statistical Area; Kingston, NY Metropolitan Statistical Area; New Haven-Milford, CT Metropolitan Statistical Area; New York-Northern New Jersey-Long Island, NY-NJ-PA Metropolitan Statistical Area; Poughkeepsie-Newburgh-Middletown, NY Metropolitan Statistical Area; Torrington, CT Micropolitan Statistical Area; Trenton-Ewing, NJ Metropolitan Statistical Area, as defined in OMB Bulletin 10-02, December 1, 2009.

Note on Date Range for Application Data: In late 2021, the Program moved to using the online CARE system to process enrollment applications. For consistency in reporting, application data starts with 2022, the first full year of data from the new system.

New Enrollment Trends by Location

Survivors

28. New Survivor Members by Location at Time of Enrollment

● Inside NYMA ● Outside NYMA

29. New Survivor Members by Location in Current CY

● Inside NYMA ● Outside NYMA

NYMA: The combined statistical areas comprising the Bridgeport-Stamford-Norwalk, CT Metropolitan Statistical Area; Kingston, NY Metropolitan Statistical Area; New Haven-Milford, CT Metropolitan Statistical Area; New York-Northern New Jersey-Long Island, NY-NJ-PA Metropolitan Statistical Area; Poughkeepsie-Newburgh-Middletown, NY Metropolitan Statistical Area; Torrington, CT Micropolitan Statistical Area; Trenton-Ewing, NJ Metropolitan Statistical Area, as defined in OMB Bulletin 10-02, December 1, 2009.

Note on Date Range for Application Data: In late 2021, the Program moved to using the online CARE system to process enrollment applications. For consistency in reporting, application data starts with 2022, the first full year of data from the new system.

32. Member Transfers in Past Years

33. Member Transfers in Current CY

Note on transfers: Members may transfer from a CCE to the NPN, from the NPN to a CCE, or from one CCE to another CCE.

Member Population Certification Status

67.3%

Of Currently Enrolled Members are Certified for at Least 1 WTC-Related Health Condition

34. Certification Status of Currently Enrolled Members by Member Type

● Responder ● Survivor

Certifications by Health Condition Categories

35. Overall Categories for All Certified Conditions of Currently Enrolled Members

● Aerodigestive Disorders ● Cancer ● Mental Health ● Musculoskeletal & Acute Traumatic Injury

***ATI:** Acute Traumatic Injury

Note on Health Condition Categories: Health condition categories are established by Title I of the James Zadroga 9/11 Health and Compensation Act of 2010 (Pub. L. 111-347, as amended by Pub. L. 114-113, Pub. L. 116-59, Pub. L. 117-328, and Pub. L. 118-31) and 42 C.F.R. § 88.15.

Note on Certification Counts: The number of certified members per condition type may not match the total number of certified members because members may be certified for multiple conditions. Members may also be certified for multiple health conditions within a given category. The number of certifications in a given category do not correlate to prevalence of a specific health condition.

Top Cancer Certifications

36. Top 10 Cancer Certifications for Currently Enrolled Members by Member Type

37. Top 10 Rare Cancer Certifications by Member Type for Certified Members*

***Note on Rare Cancer Counts:** Members with rare cancer certifications are reported as a total number and not identified by member type. Cancers are grouped by a simple name based on the organ, tissue, or cell type, so both rare and common types can have the same name. For example, there are many types of leukemia, some of which are rare.

Certification Data Thru: June 30, 2026

Certifications for WTC-Related Health Conditions

38. Overall Certification Counts by Member Type, Over Program Lifetime

Condition	Responder	Survivor	Total
Cancer	28,131	28,913	57,044
Chronic Rhinosinusitis	32,779	9,593	42,372
Gastroesophageal Reflux Disease (GERD)	31,075	8,115	39,190
Asthma	15,720	7,417	23,137
Post-Traumatic Stress Disorder (PTSD)	12,018	6,303	18,321
Chronic Respiratory Disorder - Fumes / Vapors	8,604	1,448	10,052
Chronic Obstructive Pulmonary Disease (COPD)	4,159	2,119	6,278
Major Depressive Disorder	3,133	1,527	4,660
Anxiety Disorder (not otherwise specified)	2,888	1,539	4,427
Depression (not otherwise specified)	2,632	611	3,243
Interstitial Lung Diseases	1,773	1,074	2,847
Adjustment Disorder	1,400	1,032	2,432
Generalized Anxiety Disorder	1,554	688	2,242
Chronic Laryngitis	1,686	76	1,762
Substance Abuse	1,438	324	1,762
Chronic Nasopharyngitis	783	112	895
Panic Disorder	595	185	780
Dysthymic Disorder	325	364	689
Other Musculoskeletal Disorder	581	63	644
Upper Airway Hyperreactivity	423	104	527
Sleep Apnea	167	340	507

Note on Certification Counts Presented: Health condition certifications by member type with a count of < 10 are excluded.

Note on Sleep Apnea: The count of sleep apnea certifications is an underestimate due to a system change that recorded sleep apnea as only a medically associated condition prior to 2023.

39. Top 5 Certified Conditions by # Members, Over Program Lifetime

Table of Contents

40. Certified Health Conditions in Past 12 Months by Member Type

Condition	Responder	Survivor	Total
Cancer	4,631	5,762	10,393
Gastroesophageal Reflux Disease (GERD)	1,222	331	1,553
Chronic Rhinosinusitis	1,016	394	1,410
Post-Traumatic Stress Disorder (PTSD)	705	580	1,285
Asthma	409	295	704
Chronic Obstructive Pulmonary Disease (COPD)	245	303	548
Interstitial Lung Diseases	158	162	320
Major Depressive Disorder	164	134	298
Generalized Anxiety Disorder	168	95	263
Sleep Apnea	60	152	212
Chronic Respiratory Disorder - Fumes / Vapors	182	16	198
Anxiety Disorder (not otherwise specified)	47	59	106
Total	7,480	7,231	14,711

41. Top 5 Health Conditions Certified in Past 12 Months by Member Type

● Responder ● Survivor

Condition	Responder	Survivor	Total
Cancer	4.6K	5.8K	10.4K
Gastroesophageal Reflux Disease (GERD)	1.2K	0.4K	1.6K
Chronic Rhinosinusitis	1.0K	0.4K	1.4K
Post-Traumatic Stress Disorder (PTSD)	0.7K	0.6K	1.3K
Asthma	0.4K	0.3K	0.7K

Note on Certification Counts Presented:

Health condition certifications by member type with a count of < 10 are excluded.

Certification Data Thru:

June 30, 2026

Total Number & Cost of Medical Claims

42. Count of Approved Medical Claims for Past Year

61.27K

Certified Members with Approved Medical Treatment Paid in Past Year

43. Cost of Approved Medical Claims for Past Year

642.33K

Approved Medical Claims in Past Year

\$354.55M

Total Cost of Approved Medical Claims in Past Year

Responder Medical Utilization Patterns in Past 12 Months

53,180

Responders with Approved Claims

563,545

Approved Claims for Responders

44. Responders with Approved Claims by Category (Member Count)

45. Approved Responder Claims by Category (Claim Count)

46. Responder Claims by Adjudication Status (Claim Count)

Claims Data Timeline: Medical claims and cost data are presented based on the paid date of the claim.

Notes on Claims Counts: Approved Claim Lines tables do not contain inpatient professional, emergency, or claims for FDNY family members. Counts of members with claims by category may exceed total counts of members with claims because categories are not mutually exclusive/members may have claims approved under multiple categories. Because data are shown by date paid, there are no pended claims. Adjudication status refers to the process related to rendering a final decision about a claim.

Survivor Medical Utilization Patterns in Past 12 Months

19,345

Survivors with Approved Claims

78,784

Approved Claims for Survivors

47. Survivors with Approved Claims by Category (Member Count)

48. Approved Survivor Claims by Category (Claim Count)

49. Survivor Claims by Adjudication Status (Claim Count)

Claims Data Timeline: Medical claims and cost data are presented based on the paid date of the claim.

Notes on Claims Counts: Approved Claim Lines tables do not contain inpatient professional, emergency, or FDNY families. Counts of members with claims by category may exceed total counts of members with claims because categories are not mutually exclusive/members may have claims approved under multiple categories. Because data are shown by date paid, there are no pended claims. Adjudication status refers to the process related to rendering a final decision about a claim.

Pharmacy Claims Summary for Past 12 Months

31,594

Responders with Approved Pharmacy Claim in Past Year

9,515

Survivors with Approved Pharmacy Claim in Past Year

50. Approved Pharmacy Claims Over Past 12 Months

● Responders ● Survivors

51. Pharmacy Plan Cost Over Past 12 Months

● Responders ● Survivors

Pharmacy Data Timeline: Pharmacy claims and cost data are presented based on the date of service/date filled.

Rx Claims Data Thru:
June 30, 2026

Brand vs Generic Trends for Past 12 Months

52. Frequency of Brand vs Generic Pharmacy Claims in Past 12 Months

● Brand ● Generic

53. Overall % of Brand vs Generic Pharmacy Claims in Past 12 Months

Pharmacy Data Timeline: Pharmacy claims and cost data are presented based on the date of service/date filled.

54. Top 10 Drugs by Claim Count in Past 12 Months

55. Top 10 Drugs by Cost in Past 12 Months

56. Top 10 Therapeutic Classes of Drug by Claim Count in Past 12 Months

Pharmacy Data Timeline: Pharmacy claims and cost data are presented based on the date of service/date filled.

Note on therapeutic classes: Certain medications approved for covered conditions are listed under therapeutic classes that are not necessarily a covered condition for the Program. For example, although allergies are not a covered condition, medications under this therapeutic class may be used to treat covered conditions.

Disclaimer of Endorsement: Mention of any company or product does not constitute endorsement by CDC, NIOSH, or the WTC Health Program.

Rx Claims Data Thru:
June 30, 2026

Responder Pharmacy Claims for Past 12 Months

57. Frequency of Retail & Home Delivery Prescription Fill Utilization in Past 12 Months

● Home Delivery (Mail) ● Retail

58. Percentage of Pharmacy Retail/Home Delivery Utilization

Pharmacy Data Timeline: Pharmacy claims and cost data are presented based on the date of service/date filled.

Note on Pharmacy Network for Survivors: Pharmacy claims for survivors must be coordinated with their primary insurance. Due to this requirement, the Program allows Survivors to use a larger pharmacy network than Responders for a 90-day supply to allow easier processing with Survivor members' primary insurance. The Program does not track 90-day pharmacy network utilization for Survivors.

63. Frequency of 90-Day Fill Utilization by Responders in Past 12 Months

Of all 90-day fill prescriptions, most were home delivery.

● Home Delivery (Mail) ● Walgreens/Duane Reade (Retail)

34.8%
of all WTC Health Program responder prescriptions dispensed in past 12 months were 90-day fills.

Pharmacy Data Timeline: Pharmacy claims and cost data are presented based on the date of service/date filled.

Note on Pharmacy Network for Survivors: Pharmacy claims for survivors must be coordinated with their primary insurance. Due to this requirement, the Program allows Survivors to use a larger pharmacy network than Responders for a 90-day supply to allow easier processing with Survivor members' primary insurance. The Program does not track 90-day pharmacy network utilization for Survivors.

Disclaimer of Endorsement: Mention of any company or product does not constitute endorsement by CDC, NIOSH, or the WTC Health Program.
